Driving Exponential Growth Through Forward Thinking Transformation and Strategic Value Enhancements

2020 was a year of strategic business and management transformation for us at Pollux Properties Ltd. (“Pollux”, together with its subsidiaries, the “Group”). This was the year where we focus on strengthening our core businesses and maximising the Group’s financial resources to generate new income streams that ignite long-term sustainable growth. We seek to sharpen our value proposition by focusing on building recurring income streams with an asset-light, human capital, and domain expertise-driven approach in our core businesses.

Property Development

Building landmark developments that deliver perennial value & excellence

Our development business is solely focused on utilising its wealth of experience and strategies in the development of commercial and residential projects. The Group brings together many years of industry and professional experience in tackling the complex processes in project analysis, feasibility studies, construction management and more throughout the entire development lifecycle to deliver successful projects – this allows us to formulate tailor-made strategies needed for a lean project – building homes and commercial spaces that offer the best quality and value for our property owners.

Investing In **Sustainable Growth**

Property Investment

A property portfolio that is built for growth, resilience and value enhancement

Our property investment business unit invests primarily in real estate used for office, retail and residential purposes, bringing a unique focus and depth of expertise to the sector. We are committed to delivering competitive investment performance through economic and property market cycles for long-term success, and our portfolio strategies are designed to meet consistent income and value generation objectives.

Accelerating Recurring Income With Performance

Fund Management

Enhancing value and performance through experienced asset management

As part of the Group's efforts to further scale up its businesses to achieve sustainable returns through economies of scale, Pollux Properties expanded its operations with the acquisition of Stirling Fort Capital Pte. Ltd.. A registered fund management company regulated by the Monetary Authority of Singapore ("MAS"), Stirling Fort Capital Pte. Ltd. provides investment fund management and discretionary investment mandates to institutional and private investors. Our long-standing track record across Asia Pacific are raised from a diverse pool of investors across our discretionary and private funds.

Hospitality Management

Enhancing revenue with branded hospitality and business transformation to meet changing market demands

The hospitality industry is an increasingly complex environment with entirely different perspectives, seeing tremendous growth in consumer expectations, business practices and sophistication. Leveraging on the strength and experience of our human capital, the Group's hospitality business unit is seeking to build enhanced revenue and fee-based income streams through the transformation of our hospitality business from property owner, to a hospitality management/operations platform and services provider group. Our goal for the Singapore arm is to be the operations and training centre for future clients and group-owned hospitality properties in the near future.

A Year of Strategic Transformation

Chairman's Statement

DEAR SHAREHOLDERS,

On behalf of the Board of Directors, I am pleased to present to you our Annual Report for Pollux Properties Ltd. for the financial period ended 31 December 2020.

2020 had been a year of strategic transformation for us at Pollux. We repositioned ourselves and put in place new business models to strengthen our core businesses, while maximising the Group's financial resources to effect new income streams important for our long-term sustainable growth.

With a renewed Board and management team, the Group reorganised our businesses into four key pillars of growth - property development, property investment, fund management and hospitality management, and began to adopt an asset-light strategy that is backed by strong human capital and domain expertise in these core businesses. This has enabled the Group to sharpen our value proposition by developing new income opportunities that will generate new recurring returns in time to come.

STRENGTHENING OUR FOUNDATIONS

However, during the period under review, an unprecedented pandemic had drastically changed the world, resulting in many businesses in Singapore having to grapple with the tough challenges of sustaining their businesses, and managing their manpower and cash flows. Unfortunately, the Group was not spared from these hurdles set out by the COVID-19 pandemic.

Consequently, the Group's revenue, which includes income from serviced apartment, rental income under property investment segment, and income from management and advisory services under the fund management segment, dropped significantly by 54.7% to S\$6.8 million in the financial period ended 31 December 2020 ("9M2020") as compared to the twelve months ended 31 March 2020. This was largely due to the decrease in income from our serviced apartment and rental income from commercial units during 9M2020.

In 2020, the Group announced the change in our financial year-end from 31 March to 31 December, and following that, the current financial year covered nine months from 1 April 2020 to 31 December

2020. The change in financial year-end will enable us to align our financial year-end with our ultimate holding company, PT. Pollux Multi Artha for better management of the financial reporting function. Thereafter, our financial year will commence on 1 January each year and end on 31 December of the respective year.

Against the backdrop of the tough operating environment brought about by COVID-19, the economic outlook continued to be fraught with uncertainties, which in turn resulted in a fair valuation loss on the Group's investment properties of S\$2.1 million as at 31 December 2020. Coupled with lower revenue from the serviced apartment and rental income from commercial units due to reduced average daily rates and expiry of former tenanted units in the commercial office building, MacDonald House, the Group reported a lower net profit of S\$0.2 million in 9M2020 as compared to the preceding financial year.

To overcome these challenges, the Group implemented necessary measures by cutting down the profit margin to sustain the business. Besides that, the Group

In pursuit of our asset-light strategy,

one of our key business transformations was to enhance existing business capacities and resources to focus on recurring and fee-based income offerings.

also rolled out cost-saving measures by temporarily freezing our headcount. With the strong support of the government through rental reliefs and government grants, we managed to retain every employee, as we strive to work hand in hand with them to overcome this pandemic together.

In pursuit of our asset-light strategy, one of our key business transformations was to enhance existing business capacities and resources to focus on recurring and fee-based income offerings. The development of Stirling Fort Capital Pte. Ltd. as the strategic fund management business arm provides investment fund management and discretionary investment mandates to institutional and private investors, and will enable us to achieve that objective.

Our long-standing track record across Asia Pacific are raised from a diverse pool of investors across our discretionary and

private funds, and we believe that this will become one of our key engines to drive business growth in the near future.

Additionally, through transcending from a property owner to a hospitality management and operation platform, we are also building an asset-light hospitality business that can enable us to optimise the benefits of owners and tenants by realising their key priorities, while strengthening our performance through innovative revenue generation and increase global brand equity with lower capital outlay.

REIMAGINING OUR FUTURE

Looking ahead, though the road forward remains uncertain, we believe that with the pandemic now under control in Singapore, there has been a gradual return to normalcy. The pandemic has made it clear that we have to stay prepared and resilient in this ever-evolving landscape. With the worst of

the pandemic behind us now, the Group is gearing up with careful optimism to drive our asset-light business model and achieve sustainable growth for the future.

With the Singapore economy expected to be driven by a combination of government's economic stimulus measures, regional improvement in trade and exports, normalisation of consumption and investment conditions arising from the prospects of vaccine delivery, and the easing of restrictions, we will continue enhancing our asset portfolio value through property refresh as construction works begin to recover in Singapore.

Through the COVID-19 pandemic, we have witnessed the paradigm shift in consumers' behaviours and spending habits towards the virtual space. We are embracing this new way of work and innovating ourselves through digital transformation, as we strengthen our human resources and execution efficiencies with technology and cloud-based tools. We seek to enhance our employee satisfaction and improve their efficiencies and performance, which will lead to further elevated customer satisfaction in the long term.

NOTE OF APPRECIATION

2020 has been undoubtedly one of the most challenging years for the Group, but thanks to the continued belief and support from many parties, we managed

to navigate through the storm together. I would like to thank my fellow directors, management team, and employees for their unwavering dedication and hard work over the past years. I would also like to express my heartfelt appreciation to Mr. Po Sun Kok, Madam Luciana, and Mr. James Kho Chung Wah, who will be pursuing other commitments, for their invaluable guidance and advice to the Group over the past years. Their contributions to the Group were significant and we wish them the best in their future endeavours.

I would also like to take this opportunity to welcome Mr. Tan Lye Heng Paul to the Board. I am confident that Mr. Tan's wealth of experience and industry knowledge will contribute greatly to the Group, and deliver long-term value.

Last but not least, I also wish to express my gratitude to all our shareholders, tenants, bankers, and business associates for your continued support over the years. We believe that our shared vision and concerted team spirit will forge us forward in unison, to overcome any challenges ahead of us.

Revenue

The Group's revenue comprises income from the serviced apartment, rental income under property investment segment and income from management and advisory services under fund management segment. The decline in revenue of 54.7% was largely due to the decrease in income from serviced apartment and rental income from commercial units during 9M2020. Due to the outbreak of COVID-19, the average daily rate for the serviced apartment was significantly reduced despite occupancy rates maintaining at 78% in 9M2020 as compared to 75% in prior period. The decline in rental income for commercial units was mainly due to the expiry of leases for former tenanted units in the commercial office building, MacDonald House.

Revenue of the Financial Years and Period Ended

(S\$ million)

PATMI¹ for the Financial Years and Period Ended

(S\$ million)

1 Profit after tax and minority interests

Cost of Sales and Gross Profit

The Group's cost of sales of S\$1.07 million mainly pertained to the cost incurred to operate the serviced apartment. The decrease was in tandem with the decrease in income from the serviced apartment. Gross profit margin maintained consistently at approximately 84%.

Interest Income

Interest income mainly pertains to interest received from amount due from a related company and fixed deposits placed in bank.

Other Income

Other income mainly consists of income obtained from government grants such as property tax rebate, job support scheme and rent relief under the COVID-19 rental relief framework and fair valuation gain on investment securities.

General and Administrative Expenses

General and administrative expenses include staff costs, depreciation expenses, professional fees, directors' fees and office expenses. The decline in general and administrative expenses of S\$0.59 million was mainly due to lower expenditure incurred during the shorter financial period reported.

Finance Costs

The decrease in finance costs of S\$2.89 million was mainly due to lower interest rates charged by the banks during 9M2020.

Share of Result of An Associate

The decrease in share of loss of S\$0.04 million was mainly due to lower performance fees being recognised by the real estate fund managed by the associate company. Following the completion of the acquisition of the remaining shares of the associate on 7 October 2020, the associate became a consolidated wholly-owned subsidiary of the Group.

Share of Results of A Joint Venture

The share of loss of S\$0.12 million was mainly due to operating expenses incurred by the joint venture during the financial year.

Income Tax Expense

The decrease in income tax expense of S\$0.01 million was mainly due to lower taxable profit during 9M2020.

As a result of the above, the Group recorded a net profit of approximately S\$187,000 during 9M2020 compared to a profit of S\$2.25 million in FY2020.

Balance Sheets

The financial position of the Group remained strong with net assets of S\$195.61 million as at 31 December 2020. The Group's cash and cash equivalents stood at S\$31.64 million as at 31 December 2020 as compared to S\$11.50 million as at 31 March 2020. The increase in cash and cash equivalents was mainly due to the return of proceeds due from related companies.

Assets

Total assets stood at S\$374.22 million as at 31 December 2020 as compared to S\$387.43 million as at 31 March 2020.

The decrease of S\$13.21 million was mainly due to (i) repayment of the amount due from related companies; (ii) fair valuation loss of investment properties; and (iii) reduction in the investment in an associate due to the acquisition of the remaining shares of the associate.

Liabilities

Total liabilities stood at S\$178.61 million as at 31 December 2020 as compared to S\$192.01 million as at 31 March 2020.

The decrease of S\$13.40 million was mainly due to (i) the partial settlement of the loan from joint venture (ii) the repayment of loans and borrowings; and (iii) decrease in other payables from the settlement of non-trade vendors and suppliers.

Corporate Social Responsibility

Environment and Resource Management

Our energy consumption contributes to climate change and we are committed to reducing our energy use and conserving the environment our business operates in. The Group strives to minimise negative environmental impacts by evaluating our processes in energy conservation and resource management. We integrate best environmental practices to ensure that operations are conducted to compliance with environmental regulations and standards.

Our environmental initiatives include reducing energy consumption, efficient

resource management and recycling and reuse of materials. Additional initiatives taken to maintain our properties do comply with guidelines set by the local building authorities. The Group continues to adopt strategies that are socially responsible by incorporating efficient facilities management and innovative house design to further reduce our environmental impact.

We actively work with leading sustainability reporting frameworks and are focused on scaling up participation in a sustainable economy.

Sustainable Business

Our foundation for a sustainable business stems from good corporate governance, ethical business conduct and a culture of compliance. The Group strives to decouple economic growth from environmental impact while increasing the resiliency of our operations. We are guided by our belief that the inclusion of community interests into our business processes supports the long-term interests of our company and our stakeholders.

Our aim to balance our economic interests with environmental concerns are our utmost priority. We conduct our businesses in a transparent manner while upholding high standards of ethical business practices and corporate governance. We pursue environmental and economic efficiencies in our daily operations. From reducing energy consumption and mitigating wastages, we strive to minimise the impact our businesses have on the environment mainly by partnering with energy efficient vendors.

Employee

Over the years, the Group had been committed to fair and merit-based employment practices. Anti-corruption, non-discrimination and diversity, employee engagement, workplace safety and training are our core practices in ensuring a conducive workplace environment.

Employees are made aware of the Group's code of conduct and established policies. Transparent and clear employment standards serve as foundation for our work culture and all employees are required to conduct themselves at the highest ethical level. The Group strives to fulfil the rights and obligations of employees in accordance with the applicable laws and regulations. There were no incidents of corruption, fraud or whistle-blowing during the current financial period.

Efforts include ensuring the well-being of our employees and developing talent to improve recruitment and engagement of a diversified and competent workforce while increasing innovation. The Group provides opportunities for employees to improve their skills set and knowledge to increase job productivity and satisfaction. Events, training programmes and seminars are conducted for employees covering areas on audit, accounting and human resource compliance.

Volunteering activities are highly encouraged, we believe that when our employees contribute their time and effort to worthy causes, they would in turn develop professionally and personally, with a greater sense of purpose. Community involvement and service is an integral part of our culture. We remain fully committed to giving back by using our expertise and resources to address the needs in our communities. By adopting a proactive approach to promote corporate social responsibility, we create a culture of social inclusiveness and integration, providing a trusted platform for our employees to engage in environmental causes.

Exploring Opportunities Unleashing Possibilities

Corporate Governance Report

Corporate Governance Report

Pollux Properties Ltd. (the “Company”) and its subsidiaries (collectively, the “Group”) are committed to maintaining a high standard of corporate governance within the Group so as to ensure greater transparency and protection of shareholders’ interests. The Group supports the spirit of the Code of Corporate Governance 2018 (the “Code”) and accompanying Practice Guidance issued in August 2018, whilst also recognising that it needs to develop and maintain its own corporate governance processes to meet its specific business needs.

This report outlines the Group’s corporate governance processes and structures that were in place throughout the financial period ended 31 December 2020 (“9M2020”), with specific reference made to each of the principles of the Code. The board of directors (the “Board” or the “Directors”) of the Company confirms that, for 9M2020, the Group has adhered to the principles and provisions as set out in the Code. Where there were any deviations from any provisions of the Code, appropriate disclosures and explanations are provided in this report.

The Board will review and set out the appropriate corporate governance practices to comply with the Code in the next annual report covering the financial year ending 31 December 2021.

BOARD MATTERS

The Board’s Conduct of Affairs

Principle 1: The Company is headed by an effective Board which is collectively responsible and works with the Management for the long-term success of the company.

Role of the Board

The primary role of the Board is to protect and enhance long-term value and returns for the shareholders. The Board approves the Group’s strategic plans, key business initiatives, major investments and funding decisions, and ensures the business affairs of the Group are effectively managed and conducted by the management of the Company (the “Management”).

The Board has adopted internal guidelines for cheque signatories and approval of capital and operating expenditures to optimise operational efficiency. Additionally, the Board has direct responsibility for decision-making in respect of the following:

- (a) providing entrepreneurial leadership, setting the strategic directions and goals of the Company and ensuring that adequate resources are available to meet these objectives;
- (b) establishing a framework of prudent and effective controls which enables risks to be assessed and managed, including safeguarding of shareholders’ interests and the Company’s assets;
- (c) overseeing and monitoring the management and affairs of the Company;
- (d) monitoring and reviewing the Management’s performance towards achieving organisational goals;
- (e) oversee the evaluation of the adequacy and effectiveness of financial reporting, internal controls and risk management frameworks;
- (f) monitor the financial performance of the business including approval of release of the annual and interim financial reports and interested person transactions;
- (g) identifying the key stakeholder groups and recognising that their perceptions affect the Company’s reputation;

Corporate Governance Report

- (h) ensuring accurate and timely reporting to, and communication with shareholders;
- (i) ensuring the Company's compliance with laws, regulations, policies, directives, guidelines and internal code of conduct;
- (j) determining and setting the Company's values and standards, including ethical standards, and ensuring that obligations to shareholders and other stakeholders are understood and met; and
- (k) considering sustainability issues, including environmental and social factors, in the formulation of the Company's strategies.

Each individual Director has objectively discharged his duties and responsibilities at all times as fiduciaries in the interests of the Company. Directors who are in any way, directly or indirectly, interested in a transaction or proposed transaction have to declare the nature of their interests in accordance with the provisions of the Companies Act, Chapter 50 of Singapore (the "Companies Act").

The Company has adopted internal guidelines governing matters that require the Board's approval, and clear directions have also been given to the Management on the following matters must be approved by the Board:

- (a) material acquisition and disposal of assets/investments;
- (b) corporate/financial restructuring and corporate exercise;
- (c) material financial/funding arrangements and capital expenditures;
- (d) policies and procedures, delegation of authority matrix, code of conduct and business ethics;
- (e) nomination of directors and appointment of key executives; and
- (f) interested persons transactions.

All relevant information on material events and transactions will be circulated to the Directors as and when they arise.

To facilitate effective management and without abdicating the Board's responsibility, certain functions of the Board have been delegated to various Board committees ("Board Committees"). The Board is assisted by an Audit Committee ("AC") as well as a Remuneration and Nominating Committee ("RNC"), each of which functions are clearly defined in their respective terms of reference and operating procedures which are reviewed by the Board on a regular basis. The RNC and AC comprise Non-Executive Directors, all of whom including the Chairman of each Board Committee, are independent.

Board Meetings and Meetings of Board Committees

The Board meets on a half-yearly basis to review the financial performance of the Group and approve the release of the Group's half-year and full-year financial results. Additional meetings of the Board may be held as and when circumstances require. The Constitution of the Company (the "Constitution") allows meetings of the Board and Board Committees to be conducted by way of teleconference and videoconference. The Directors normally set dates of the meetings of the Board and Board Committees well in advance.

Corporate Governance Report

(4) Mr. Tan Lye Heng Paul was appointed as a Director of the Company, Chairman of the Audit Committee and a member of the Remuneration and Nominating Committee on 9 December 2020.

To ensure that the Board is able to fulfill its responsibilities, the Management provides the Board with a management report containing complete, adequate and timely information prior to Board meetings as well as a report of the Group's ongoing activities. In addition to the business plans submitted to the Board for approval, the Board is provided with board papers and related materials in respect of the Group's performance, position and prospects as and when requested.

The Management will also keep the Board apprised of material variances between the actual results, corresponding period of the last financial year and the budget with appropriate explanation on such variances.

The Board, the Board Committees and every Director have separate and independent access to the Management and are entitled to request for additional information as needed to make informed decisions. The appointment and removal of the Company Secretary is a matter for the Board to decide as a whole.

The Directors may seek independent professional advice as and when necessary in furtherance of their duties. The appointment of such professional advisors is subject to approval by the Board. Any cost of obtaining such professional advice will be borne by the Company.

In addition, all Directors have separate and independent access to the Company Secretary. The Company Secretary attends all meetings of the Board and Board Committees and prepares minutes of meetings of the Board and of the Board Committees which are circulated for review. The Company Secretary is also responsible for ensuring that Board procedures and all other rules and regulations applicable to the Company are followed and advises the Board of the requirements of the Company's Constitution, the Companies Act and the Listing Manual Section B: Rules of Catalist of the Singapore Exchange Securities Trading Limited ("SGX-ST") (the "Catalist Rules").

Corporate Governance Report

Training and Development of Directors

Newly appointed Directors will be issued a formal letter by the Company Secretary setting out their statutory duties and obligations as a Director upon their appointment.

The Management will organise orientation programmes for new Directors to familiarise them with the Group's operations and business issues as well as the relevant regulations and governance requirements. In accordance with the Catalist Rules 406(3)(a) as amended on 1 January 2019, the NC will ensure that newly appointed Directors who do not have prior experience as a director of a public listed company in Singapore attend the mandatory training in the roles and responsibilities of a director as prescribed by the SGX-ST within one year from the date of their appointment.

The Company provides timely information to the Directors on Board's processes, corporate governance practices and updates on changes to laws and regulations. The Directors are also encouraged to keep themselves abreast of the latest developments relevant to the Company or themselves. Where necessary, the Directors will be updated on new legislation and/or regulations and changing commercial risks, from time to time, which are relevant to the Group. News releases issued by the SGX-ST and Accounting and Corporate Regulatory Authority ("ACRA") which are relevant to the Directors are circulated to the Board. The Directors are kept informed of upcoming conferences and seminars relevant to their roles as Directors of the Company. Such conferences and seminars as well as other training courses will be arranged and funded by the Company for all Directors. Annually, the external auditors will update the AC and the Board on any new and revised financial reporting standards which are relevant to the Group.

During the period under review, Directors are provided with briefings and updates (i) on the developments in financial reporting and governance standards by the external auditors; and (ii) on changes in the relevant laws and regulations pertaining to the Group's business and changing commercial risks and business conditions of the Group by the Management on monthly basis and during the meetings of the Board and Board Committees.

The Board adopted a set of ethical values and standards which establish the fundamental principles of professional and ethical conduct expected of the Directors in the performance of their duties. It includes guidelines on matters relating to conflicts of interest. When an actual, potential and perceived conflict of interest arise, the concerned Director must disclose such interest, recuse himself or herself from discussions and decisions involving the matter, unless the Board is of the opinion that his/her presence and participation is necessary to enhance the efficacy of such discussion. Nonetheless, he/she is abstained from voting in relation to the conflict-related matters.

Board Composition and Guidance

Principle 2: The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the company.

The Board presently comprises four (4) Directors, three (3) of whom are Independent Directors. In accordance with Provision 2.3 of the Code, the Board comprises three (3) Non-Executive Directors which makes up a majority of the Board. In addition, the Board had on 29 January 2021 appointed Mr. Low Chai Chong, an independent Director, as the Chairman of the Board. Details of the Directors are as set out below:

Corporate Governance Report

Name of Director	Position held on the Board and Board Committees served on (if any)	Board appointment whether executive, non-executive or independent	Date of first appointment	Date of last re-election
Nico Purnomo Po	Director and Chief Executive Officer	Executive	31 March 2008	26 July 2019
Low Chai Chong	Director, Chairman of the Board, Chairman of RNC and member of AC	Non-Executive/Lead Independent	1 September 2010	29 September 2020
Timur Pradopo	Director, member of AC and RNC	Non-Executive/Independent	18 March 2014	26 July 2019
Tan Lye Heng Paul ⁽¹⁾	Director, Chairman of AC and member of RNC	Non-Executive/Independent	9 December 2020	N.A.

(1) Mr. Tan Lye Heng Paul was appointed as a Director of the Company, Chairman of the Audit Committee and a member of the Remuneration and Nominating Committee on 9 December 2020.

The profiles and key information of the individual Directors as well as their respective shareholdings in the Company are set out in the “Board of Directors” and “Directors’ Statement” sections of this annual report respectively.

The Board and RNC remain committed to continuously review the adequacy of the composition on the Board and ensure that at all times, the Board will be in compliance with the intent of Principle 2 of the Code. The independence of the Directors is reviewed annually by the RNC. The RNC adopts the Code’s definition as to what constitutes an Independent Director in its review. The RNC and the Board have reviewed and ascertained that all Independent Directors are independent according to the Code, its Practice Guidance and Rules 406(3) (d)(i) and 406(3)(d)(ii) of the Catalist Rules and noted that:

- (a) the Independent Directors: (i) are not employed by the Company or any of its related corporations in the current or any of the past three (3) financial years; and (ii) do not have an immediate family member who is employed or has been employed by the Company or any of its related corporations in the current or any of the past three (3) financial years, and whose remuneration is determined by the RNC;
- (b) none of the Independent Directors and their immediate family member had in the current or immediate past financial year (i) provided or received material services or significant payments to and/or from the Group when aggregated over any financial year in excess of S\$50,000 for services other than compensation for board service; or (ii) was a substantial shareholder, partner, executive officer or a director of any organisation which provided or received material services or significant payments to and/or from the Group when aggregated over any financial year in excess of S\$200,000 for services rendered;
- (c) none of the Independent Directors are directly associated with a substantial shareholder of the Company.

Each Independent Director is required to complete a Director’s Independence Checklist annually to confirm his independence based on the guidelines as set out in the Code and the Catalist Rules. The Independent Directors have confirmed that they do not have any relationship with other Directors, the Company or its related corporations or its officer or its substantial shareholders, that could interfere, or be reasonably perceived to interfere with the exercise of their independent business judgement with a view to the best interests of the Company. The Independent Directors have also confirmed their independence in accordance with the Catalist Rules. Taking into consideration the RNC’s review and the confirmation received from the Independent Directors, the Board is of the view that Mr. Low Chai Chong, Mr. Timur Pradopo, and Mr. Tan Lye Heng Paul are independent.

Corporate Governance Report

The independence of any director who has served on the Board beyond nine years from the date of his appointment would be subject to particularly rigorous review. In respect of Mr. Low Chai Chong who has served the Board for more than nine (9) years, the Board has considered especially his length of service and his continued independence. The Board has determined that Mr. Low Chai Chong remained independent of character and judgement and there were no relationship or circumstances which were likely to affect, or could appear to affect his judgement. The independence of character and judgement of the Director concerned was not in any way affected or impaired by the length of service. Therefore, the Board is satisfied as to the performance and continued independence of judgement of Mr. Low Chai Chong.

Pursuant to Rule 406(3)(d)(iii) of the Catalist Rules, a director who has served on the board for a cumulative period of 9 years from the date of their first appointment will no longer be eligible to be designated as an independent director unless a resolution from shareholders present and voting at the general meeting is sought, and approved in separate resolutions by (a) all shareholders and (b) shareholders excluding the directors, chief executive officer, and their associates. The aforesaid rule will come into effect on 1 January 2022.

Therefore, the Company intends to seek approvals for the continued appointment of Mr. Low Chai Chong as an Independent Director at the Company's annual general meeting in calendar year 2021. In accordance with Rule 406(3)(d)(iii) of the Catalist Rules, such approvals will remain valid until the earlier of (i) the retirement or resignation of the director; or (ii) the conclusion of the third (3rd) annual general meeting following such approvals.

Mr. Low Chai Chong was first appointed to the Board on 1 September 2010 and he has served on the Board for more than nine (9) years.

Notwithstanding that he was on the Board for more than 9 years, the RNC and the Board are of the view that Low Chai Chong is independent, having considered the following:

- (i) he has exercised objective character and judgment in providing his advice and insights;
- (ii) he has sought clarification of matters and challenged proposals put forward by management from time to time as he deemed fit;
- (iii) he contributed non-partisan constructive ideas throughout his term of office;
- (iv) he did not receive any gift or financial assistance from the Group;
- (v) he has no personal and business relationship with the Company's substantial shareholders, executive directors or management that could impair his fair judgement;
- (vi) he is non-executive and he does not interfere with the day-to-day management of the business operations or participate in any operational or management meetings;
- (vii) he is not financially dependent on fees received from the Company and his fees are not linked to the financial performance of the Group.

Corporate Governance Report

The RNC had also conducted the following reviews and assessment:

- (a) performance assessment on Mr. Low Chai Chong done by the other Directors; and
- (b) Mr. Low Chai Chong's declaration of independence.

In consideration of the above, the Board has determined that Mr. Low Chai Chong's tenure in office does not affect his ability to discharge his duties as Independent and Non-Executive Chairman of the Board, the Chairman of the RNC and the member of AC. Mr. Low Chai Chong was not involved in the deliberation of his continued appointment with the Board.

In the event that shareholders do not approve the appointment of Mr. Low Chai Chong as Independent Director of the Company, he will remain on the Board as Non-Executive and Non-Independent Director. Consequently, on and from 1 January 2022, he shall cease as the Chairman of the RNC in compliance with the Code and terms of reference of the RNC. In view thereof, the Board of Directors shall take appropriate steps to appoint an independent non-executive Director to be the Chairman of the RNC to comply with the Code, the Catalist Rules and terms of reference of the RNC before 1 January 2022.

Currently, the Company does not have a Board diversity policy as provided by Provision 2.4 of the Code but the size and composition of the Board is reviewed on an annual basis by the RNC to ensure that the Board has the appropriate mix of expertise and experience, and collectively possesses the necessary core competencies for effective functioning and informed decision-making. When a vacancy arises under any circumstances, or where it is considered that the Board would benefit from the services of a new Director with particular skills, the RNC, in consultation with the Board, determines the selection criteria and selects candidates with the appropriate expertise and experience for the position. The RNC then nominates the most suitable candidate for appointment by the Board to the Company.

The Board and the RNC have considered and are satisfied that the current size of the Board of four (4) Directors is appropriate taking into consideration the existing nature and scope of the operations of the Group.

The Board and the RNC are also satisfied that the current Board as a group has core competencies in accounting and finance, legal, business and management experience, industry knowledge, strategic planning experience and customer-based experience or knowledge.

The Non-Executive Directors provide, amongst other things, strategic guidelines to the Company based on their professional knowledge and experience. They constructively challenge and help develop directions on strategy and review the performance of the Management in achieving agreed targets and objectives. To facilitate a more effective check on the Management, the Non-Executive Directors are encouraged to arrange for meetings without the Management being present at times deemed necessary.

Led by the Chairman, the Independent Directors will meet, where necessary, without the presence of the other Directors, and the Chairman will provide feedback to the CEO after such meetings as deemed appropriate.

In general, the Board is able to exercise objective judgment independently from the Management and no individual or small group of individuals dominates the decision-making of the Board.

Corporate Governance Report

Chairman and Chief Executive Officer

Principle 3: There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers of decision-making.

Mr. Low Chai Chong is currently the Non-Executive and Independent Chairman of the Board while Dr. Nico Purnomo Po is the Chief Executive Officer ("CEO"). There is a clear division of roles and responsibilities between the Non-Executive Chairman and the CEO. The Non-Executive Chairman leads and manages the business of the Board whilst the CEO and his team of management staff translate the Board's decisions into executive action. The segregation of the roles and responsibilities of the Chairman and the CEO ensures an appropriate balance of power, increased accountability and greater capacity of the Board for independent decision-making.

The Chairman of the Board, is responsible for:

- (a) leading the Board to ensure its effectiveness on all aspects of its role;
- (b) setting the agenda for the meetings of the Board and instructing the Company Secretary to disseminate it to all Directors before each meeting;
- (c) promoting a culture of openness and debate within the Board;
- (d) ensuring the Board members engage the Management in constructive debate on various matters including strategic issues;
- (e) ensuring that the Directors receive complete, adequate and timely information;
- (f) ensuring effective communication with shareholders;
- (g) facilitating the effective contribution of all directors, the Non-Executive Directors in particular; and
- (h) continuous pursuance of high standards of corporate governance.

The CEO is responsible for implementing the Group's strategies and policies, making strategic and business investment decisions as well as the overall management and performance of the Group. The Board is of the opinion that there is a balance of power and authority within the Board. The Chairman encourages constructive relations within the Board and between the Board and the Management to facilitate effective contribution of all Directors. The Chairman is assisted by the Board Committees in ensuring compliance with the Company's standards of corporate governance.

Notwithstanding that the Chairman of the Board is independent, Mr. Low Chai Chong remains as the Lead Independent Director and is available to shareholders when they have concerns and for which contact through the normal channels of communication with the CEO or the Financial Controller has failed to resolve, or for which such contact is inappropriate.

Corporate Governance Report

Board Membership

Principle 4: The Board has a formal and transparent process for the appointment and re-appointment of directors, taking into account the need for progressive renewal of the Board.

The RNC was formed in June 2003 through the merger of the Nominating Committee and the Remuneration Committee of the Company. Currently, the RNC comprises three (3) Non-Executive Directors, all of whom including the Chairman of the RNC are independent. The Chairman of the RNC is not a substantial shareholder of the Company or directly associated with any substantial shareholder of the Company.

The members of the RNC are as follows:

Mr. Low Chai Chong – Chairman
Mr. Timur Pradopo
Mr. Tan Lye Heng Paul

The RNC has written terms of reference setting out its authority and duties, and regulates its procedures and in particular, the calling and frequency of meetings, the notice to be given of such meetings, the voting and proceedings thereat. The Company also maintains records of the deliberations and proceedings of the meetings of the RNC. The key terms of reference of the RNC are as follows:

- (a) the RNC shall comprise not fewer than three (3) Directors, a majority of whom shall be independent;
- (b) the Chairman of the RNC shall be an Independent Non-Executive Director; and
- (c) the Board shall within three (3) months of cessation of a member appoint a new member from the date of cessation so that the number of members of the Board does not fall below three (3) if a member, for any reason, ceases to be a member.

The RNC handles both nominating and remuneration matters of the Company. With regards to nominating matters, the RNC pursuant to its written terms of reference shall:

- (a) establish procedures for and make recommendations to the Board on all Board appointments and re-appointments and on relevant matters relating to the succession plans of the Board;
- (b) review re-nominations, having regard to the Director's contribution and performance (e.g. attendance, preparedness and participation) including, if applicable, as an Independent Director;
- (c) decide whether the Director is able to and has been adequately carrying out his duties as a Director when the Director has multiple board representations;
- (d) review the independence of the Directors on an annual basis;
- (e) establish procedures for the evaluation of the Board's performance and propose objective performance criteria, which shall be approved by the Board;
- (f) assess the effectiveness of the Board as a whole and the Board Committees as well as assess the contribution by each individual Director to the effectiveness of the Board;
- (g) identify gaps in the mix of skills, experience and other qualities required in an effective Board and nominate or recommend suitable candidate(s) to fill these gaps;

Corporate Governance Report

- (h) ensure that all Board appointees undergo an appropriate induction programme;
- (i) review annually the Board's structure, size and composition and make recommendations to the Board with regards to any adjustments that are deemed necessary; and
- (j) recommend the appropriate training and professional development programmes for the Board.

The RNC's role in respect of remuneration matters is separately disclosed under Principle 6 (Procedures for Developing Remuneration Policies).

The RNC is charged with determining the independence of the Directors as set out under Provision 2.1 of the Code. The RNC conducts an annual review of the Directors' independence and is of the view that Mr. Low Chai Chong, Mr. Timur Pradopo and Mr. Tan Lye Heng Paul are independent. The Board noted that Mr. Low Chai Chong is a partner at Dentons Rodyk & Davidson LLP ("Dentons Rodyk") which provides legal and corporate secretarial services to and receives fees from the Group. Nevertheless, the RNC has considered Mr. Low Chai Chong to be independent as the aggregate payments to Dentons Rodyk for the services rendered during 9M2020 were not significant. Furthermore, Mr. Low Chai Chong does not hold a substantial interest in Dentons Rodyk. Mr. Low Chai Chong has been and is capable of maintaining his objectivity and independence at all times in discharging his duties and responsibilities.

Currently, none of the Directors hold excessive number of board representations. Nonetheless, the Board has set the maximum number of listed company board representations each Director may hold to be eight (8). When a Director has multiple board representations, the RNC also considers whether or not the Director is able to and has adequately carried out his duties as a Director of the Company. The RNC is satisfied that sufficient time and attention has been given by the Directors to the affairs of the Company, notwithstanding that some of the Directors have multiple board representations.

* The term “principal commitments” includes all commitments which involve significant time commitment such as full-time occupation, consultancy work, committee work, non-listed company board representations and directorships and involvement in non-profit organisations. Where a director sits on the boards of non-active related corporations, those appointments should not normally be considered principal commitments.

In the selection process for the appointment of new Directors, the RNC will review the composition of the Board and identify the skill sets which enhance the Board’s overall effectiveness. Potential candidates are identified from various sources including personal networks. In assessing the suitability of a candidate to be appointed to the Board, the RNC will consider if he or she is able to make the appropriate contributions to the Board and the Group. The key factors which the RNC will take into consideration are:

- (a) qualifications, industry knowledge and functional expertise which are relevant and beneficial to the Group; and
- (b) extensive experience and business contacts in the industry in which the Group operates.

The proposed candidates’ independence (if necessary) will also be considered before the RNC makes its recommendations to the Board. The new Directors will then be appointed by the Board.

The RNC is in charge of nominating the Directors for re-appointment, having regard to their competencies, commitment, contribution and performance, including but not limited to attendance, preparedness, participation and candour. Under the Company’s Constitution, a Director newly appointed by the Board shall hold office only until the next annual general meeting (“AGM”) of the Company and shall then be eligible for re-election at the AGM. In addition, at least one-third of the Directors for the time being shall retire from office by rotation at each AGM of the Company, provided all Directors (including managing directors and executive directors) shall retire by rotation at least once every three (3) years.

The RNC has reviewed and is satisfied that the Directors who are retiring in accordance with the Company’s Constitution at the forthcoming AGM of the Company are properly qualified for re-appointment by virtue of their skills, experience and contributions. The RNC has recommended to the Board that Mr. Tan Lye Heng Paul and Mr. Timur Pradopo who are retiring pursuant to Regulation 88 and Regulation 89 of the Company’s Constitution respectively, be nominated for re-election as Directors at the forthcoming AGM of the Company. Pursuant to Rule 720(5) of the Catalist Rules, the additional information set out in Appendix 7F of the Catalist Rules relating to the retiring directors, Mr. Tan Lye Heng Paul and Mr. Timur Pradopo, who are submitting themselves for re-appointment, are disclosed below and to be read in conjunction with their respective biography under the “Board of Directors” section of the annual report.

Please provide details of relevant experience and the nominating committee's reasons for not requiring the director to undergo training as prescribed by the Exchange (if applicable).		

Each member of the RNC shall abstain from voting on any resolution and making any recommendation and/or participating in any deliberations of the RNC in respect of the assessment of his performance or re-nomination as a Director. Accordingly, Mr. Tan Lye Heng Paul and Mr. Timur Pradopo, as members of the RNC, have abstained from voting on any resolutions in relation to the assessment of their performance as a Director.

Board Performance

Principle 5: The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its board committees and individual directors.

The RNC has implemented a formal review process to assess the effectiveness of the Board and the individual Director's performance on an annual basis. All members of the Board are required to complete and return the evaluation forms to an independent coordinator (the "Independent Coordinator") directly and in confidence within four (4) weeks after the end of each financial year. The Independent Coordinator will then collate the results and forward them to all members of the RNC for discussion. The RNC will thereafter report its findings to the Board.

For the purpose of its evaluation of the Directors' performance, the RNC focuses on whether the Directors, individually or collectively, possess the background, experience, competencies in finance and management skills critical to the Group's business as well as whether each Director, with his special contributions, brings to the Board an independent and objective perspective to enable sound, balanced and well considered decisions to be made.

Corporate Governance Report

The performance criteria for the board evaluation are in respect of the board composition and independence, board processes, board information and accountability, board's review risk and internal controls and the Company's performance of industry comparative date.

Factors taken into account in the assessment of a Director's performance include his abilities and competencies, his objectivity and the level of participation at Board and Board Committee meetings including his contribution to Board processes as well as the business strategies and performance of the Group.

The Board, together with the RNC, is of the view that due to the relatively small size of the Board and given the background, experience and expertise of each Director, assessment by the RNC of the effectiveness of the Board as a whole and each Director's performance is sufficient and it would not be necessary to assess the effectiveness of the Board Committees.

The RNC, having reviewed the overall performance of the Board in terms of its role and responsibilities as well as the conduct of its affairs as a whole for 9M2020, and the peer assessment of each Director, is of the view that the performance of the Board as a whole, and the contribution of each Director to the effectiveness of the Board has been satisfactory. No external facilitator had been engaged by the Board for this purpose.

REMUNERATION MATTERS

Procedures for Developing Remuneration Policies

Principle 6: The Board has a formal and transparent procedure for developing policies on director and executive remuneration, and for fixing the remuneration packages of individual directors and key management personnel. No director is involved in deciding his or her own remuneration.

The RNC comprises three (3) members, all of whom, including the Chairman, are Independent Directors. The members of the RNC are as follows:

Mr. Low Chai Chong – Chairman
Mr. Timur Pradopo
Mr. Tan Lye Heng Paul

With regards to remuneration matters, the RNC pursuant to its written terms of reference shall:

- (a) review and recommend to the Board a framework of remuneration for the Directors and key management personnel which covers Directors' fees, where applicable, basic salaries, allowances, bonuses and benefits-in-kind;
- (b) review the remuneration packages of all managerial staff who are related to any of the Directors;
- (c) review the performance of key management personnel to enable the RNC to determine their annual remuneration and bonus rewards and etc; and
- (d) recommend to the Board, in consultation with the key management personnel and the CEO, any long-term incentive scheme.

Corporate Governance Report

The RNC is tasked to provide a formal, transparent and objective procedure for fixing the remuneration packages of individual Directors and to ensure that the level of remuneration paid by the Company serves to attract, retain and motivate the employees needed to manage the Company successfully. All aspects of remuneration, including but not limited to Directors' fees, salaries, allowances, bonuses and other benefits-in-kind shall be covered by the RNC. The recommendations made by the RNC will be submitted for endorsement by the Board. Each member of the RNC shall abstain from voting on any resolutions in respect of his remuneration package.

The RNC has access to professional advice from experts outside the Company on remuneration matters as and when necessary. The RNC will ensure that existing relationships between the Company and its appointed remuneration consultants, if any, will not affect the independence and objectivity of the remuneration consultants. The Company will also disclose the names and firms of the remuneration consultants (if any) in the annual remuneration report, and include a statement on whether the remuneration consultants have any such relationships with the Company. The Company did not engage any remuneration consultant in respect of the remuneration matters of the Group during 9M2020.

The RNC is of the view that it is currently not necessary to use contractual provisions to allow the Company to reclaim incentive components of remuneration from the Executive Director and key management personnel in exceptional circumstances of misstatement of financial results, or of misconduct resulting in financial loss to the Company. The RNC will review the compensation commitments of the Directors' or key management personnel's contracts of service as and when necessary to ensure that such contracts of service contain fair and reasonable termination clauses.

Level and Mix of Remuneration

Principle 7: The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the Company, taking into account the strategic objectives of the Company.

The Group sets remuneration packages which are competitive and sufficient to attract, retain and motivate Directors and key management personnel with adequate experience and expertise to manage the business and operations of the Group. In setting remuneration packages, the Group takes into account salary and employment conditions within the same industry and in comparable companies. The Group adopts a remuneration policy for the Executive Director, comprising a basic salary component as well as a bonus component, which is performance-based and seeks to align the interests of the Executive Director with those of the shareholders of the Company.

Currently, the Company does not have any long-term incentive scheme. The RNC will consider recommending the implementation of incentive schemes for the executive and non-executive directors as well as key management personnel as and when it considers appropriate.

All Directors, excluding the Executive Director, are paid Directors' fees, determined by the Board based on the effort, time spent and responsibilities of the Directors. The payment of such fees to the Directors is subject to approval of shareholders at the AGM of the Company. The Independent Directors have not been over-compensated to the extent that their independence is compromised.

Non-Executive Directors have no service contracts with the Company. The Executive Director has a service contract with the Company, which can be terminated by either the Company or the Executive Director giving not less than three (3) months' notice in writing.

Corporate Governance Report

The Company does not use contractual provisions to allow the Company to reclaim incentive components of remuneration from the Executive Director and key management personnel in exceptional circumstances of misstatement of financial results, or of misconduct resulting in financial loss to the Company. The Executive Director owes a fiduciary duty to the Company, and hence, the Company should be able to avail itself of remedies against the Executive Director in the event of such breach of fiduciary duties. The RNC will review such contractual provisions with the Executive Director and key management personnel as and when necessary.

Disclosure on Remuneration

Principle 8: The Company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationship between remuneration, performance and value creation.

The compensation package for employees including the executive directors and key management personnel comprise a fixed component (base salary), a variable component (cash-based annual bonus) and benefits-in-kind, where applicable, taking into account factors such as the individual's performance, the performance of the Group and industry practices.

A breakdown of the remuneration of the Directors and key management personnel (who are not Directors or the CEO) for 9M2020 is set out below:

Remuneration Band and Name of Director	Base/Fixed Salary	Bonus	Directors' Fees ⁽¹⁾	Other Benefits ⁽²⁾	Total
S\$250,000 and below					
Nico Purnomo Po	37%	–	–	63%	100%
Po Sun Kok	–	–	100%	–	100%
Luciana	–	–	100%	–	100%
James Kho Chung Wah ⁽³⁾	–	–	100%	–	100%
Low Chai Chong	–	–	100%	–	100%
Timur Pradopo	–	–	100%	–	100%
Tan Lye Heng Paul ⁽⁴⁾	–	–	100%	–	100%

(1) Directors' fees are subject to the approval of the Company's shareholders at the forthcoming AGM of the Company.

(2) Other benefits include transport and accommodation allowance paid during 9M2020.

(3) Mr. James Kho Chung Wah resigned as a Director on 8 December 2020. Hence, his Director's fee was calculated on a pro-rata basis.

(4) Mr. Tan Lye Heng Paul was appointed as a Director on 9 December 2020. Hence, his Director's fee was calculated on a pro-rata basis.

Remuneration Band and Name of Key Management Personnel ^(a)	Base/Fixed Salary	Bonus	Other Benefits	Total
S\$250,000 and below				
Lau Wei Kian	100%	–	–	100%

Note (a) The Company has only one (1) key management personnel (who is not a Director nor the CEO) in 9M2020.

There were no termination, retirement and post-employment benefits granted to the Directors and key management personnel (who are not Directors or the CEO).

Corporate Governance Report

After due consideration, the Board has decided not to disclose the remuneration of the individual Directors in full and the aggregate total remuneration paid to the key management personnel (who are not Directors or the CEO) due to the competitive pressures and disadvantages that may result from such disclosure as well as for confidentiality reasons.

Save for Dr. Nico Purnomo Po who is the son of Mr. Po Sun Kok and Mdm. Luciana, former Directors of the Company, the Company does not have any employee who is an immediate family member of any Director, the CEO or a substantial shareholder of the Company, and whose remuneration exceeds S\$100,000 during 9M2020.

Currently, the Company does not have any share-based compensation scheme or any long-term incentive scheme involving the offer of shares or options in place.

ACCOUNTABILITY AND AUDIT

Risk Management and Internal Controls

Principle 9: The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the company and its shareholders.

The Board endeavors to ensure that the annual audited financial statements as well as the half yearly and full year announcements of the Group's financial results present a balanced and comprehensible assessment of the Group's performance, position and prospects. The Board takes adequate steps to ensure compliance with the relevant legislative and regulatory requirements and observes obligations of continuing disclosure under the Catalist Rules. During 9M2020, the Board has reviewed reports submitted by the Management to ensure compliance with all the Group's policies, operational practices and procedures and relevant legislative and regulatory requirements.

In line with the Catalist Rules, the Board has also provided a negative assurance statement to shareholders in respect of the half yearly results announcement.

Risk Management

The Board's Responsibility

The Board acknowledges that it is responsible for the overall internal control framework and the maintenance of a sound system of risk management and internal controls.

Enterprise Risk Management Exercise

An Enterprise Risk Management ("ERM") Committee which comprises senior personnel from the operational and financial aspects has been established since FY2017. The ERM Committee has reviewed the Group's business and operational activities to identify areas of significant business risks as well as appropriate measures to control and mitigate these risks.

For the key operational, financial, compliance, human capital, environment and information technology risks identified, the ERM Committee will ensure the adequacy and effectiveness of the internal controls implemented to manage the identified risks based on the ERM framework executed.

Corporate Governance Report

Confirmation provided by Senior Management

The Board has overseen the Management in the design, implementation and monitoring of the risk management system. On an annual basis, the ERM Committee will report to the Board the processes, risks, and risk mitigating controls that are in place and provide updates on the status of significant issues of the Group, if any, to the Board. Based on the evaluation of risk management system performed by the ERM Committee, the CEO and Financial Controller have provided written assurance to the Board that the Group's risk management system is adequate and effective for 9M2020.

Internal Controls

The effectiveness of the internal control systems and procedures are monitored by the Management. The Board acknowledges that it is responsible for the overall internal control framework, but recognises that no cost effective internal control system will preclude all errors and irregularities, as a system is designed to manage rather than eliminate the risk of failure to achieve business objectives, and can provide only reasonable and not absolute assurance against material misstatement or loss.

Apart from the above, the AC also commissions and reviews the findings of internal controls or infringement of any Singapore laws, rules or regulations which has or is likely to have a material impact on the Group's operating results and/or financial position on annual basis. During 9M2020, the AC, on behalf of the Board, has reviewed the adequacy and effectiveness of the Group's internal controls systems, including financial, operational, compliance and information technology controls, and risk management systems on an annual basis. The processes used by the AC to review the adequacy and effectiveness of the system of internal control and risk management include:

- (a) discussions with the Management on risks management;
- (b) the internal audit processes;
- (c) the review of external and internal audit plans; and
- (d) the review of significant issues raised by the external and internal auditors.

Based on the framework of risk management and internal controls established and maintained by the Group, the review performed by the Management and the AC, the work performed by the internal auditors and the review undertaken by the external auditors as part of their statutory audit, the Board, with the concurrence of the AC, is of the opinion that the Group's internal controls, including financial, operational, compliance and information technology controls, and risk management systems, are effective and adequate to meet the needs of the Group in its current business environment.

For 9M2020, the Board has also received written assurance from the CEO and the Financial Controller that:

- (a) the financial records have been properly maintained and the financial statements give a true and fair view of the Group's operations and finances; and
- (b) the Group's risk management and internal control systems are effective and adequate.

Corporate Governance Report

Audit Committee

Principle 10: The Board has an Audit Committee (“AC”) which discharges its duties objectively.

Currently, the AC comprises three (3) Non-Executive Directors, all of whom including the Chairman of the AC are independent. The Chairman of the AC is not a substantial shareholder of the Company or directly associated with any substantial shareholder of the Company.

The members of the AC are as follows:

Mr. Tan Lye Heng Paul – Chairman
Mr. Low Chai Chong
Mr. Timur Pradopo

The members of the AC have many years of experience in senior management positions in both financial and industrial sectors. The Board is of the opinion that the members of the AC are appropriately qualified to discharge their responsibilities.

The AC has explicit authority to investigate any matter within its terms of reference, with full access to and co-operation from the Management as well as full discretion to invite any Director or executive officer of the Group to attend its meetings, and is given reasonable resources to enable it to discharge its functions properly.

For 9M2020, the AC held two (2) meetings.

The main objective of the AC is to assist the Board in fulfilling the fiduciary responsibilities of the Company and each of its subsidiaries. The AC, pursuant to its written terms of reference, shall:

- (a) recommend to the Board the appointment or re-appointment and approving the remuneration and terms of engagement of the external auditors and internal auditors;
- (b) review the audit plans of the internal and external auditors of the Company, and review the internal auditors' evaluation of the adequacy of the Company's system of internal accounting controls and the assistance given by the Management to the internal and external auditors;
- (c) evaluate the effectiveness of both the internal and external audit efforts through regular meetings;
- (d) determine that no unwarranted management restrictions are being placed upon the external and internal auditors;
- (e) review the financial statements with the Management and external auditors (where applicable) for submission to the Board;
- (f) review the half yearly and full year announcements of the results of the Group before submission to the Board for approval;
- (g) report to the Board summarising the work performed by the AC in carrying out its functions;
- (h) review interested person transactions;
- (i) have explicit authority to investigate any matter within its terms of reference, with full access to and co-operation by the Management and full discretion to invite any Director or executive officer of the Group to attend its meetings, and reasonable resources to enable it to discharge its functions properly;

Corporate Governance Report

- (j) review the scope and results of the audit and its cost effectiveness and the independence and objectivity of the external and internal auditors;
- (k) meet with the external and internal auditors, without the presence of the Management, at least annually;
- (l) review the independence of the external auditors annually; and
- (m) review and report to the Board, at least annually, the adequacy and effectiveness of the Group's internal controls, including financial, operational, compliance and information technology controls, and risk management systems (such review can be carried out internally or with the assistance of any competent third parties).

In addition to the abovementioned activities undertaken to fulfil its responsibilities, the AC is kept abreast by the Management, external and internal auditors on changes to accounting standards, Catalist Rules and other rules and regulations which could have an impact on the Group's business and financial statements.

The AC has met the external auditors and the internal auditors, without the presence of the Management, for 9M2020.

The Company's external auditors are Ernst & Young LLP. During 9M2020, the aggregate amount of fees paid and/ or payable to the external auditors for audit services amounted to approximately S\$145,000. During 9M2020, there were no non-audit services rendered by the external auditors to the Group. The AC has reviewed and confirmed the independence and objectivity of the external auditors. As such, the AC has recommended to the Board that Ernst & Young LLP be nominated for re-appointment as external auditors of the Company at the forthcoming AGM of the Company.

The Company has complied with Rules 712 and 715 of the Catalist Rules in relation to the appointment of auditing firms for the Group. No former partner or director of the Company's existing auditing firm or audit corporation is a member of the AC.

With reference to the joint recommendations made by the Monetary Authority of Singapore, ACRA and SGX-ST, the audit committees of all Singapore-listed entities are encouraged to disclose their perspectives and assessment on key audit matters ("KAM"). The following KAM was discussed between external auditors and Management, and reviewed by the AC.

Key Audit Matter	How the AC reviewed this matter and what decision was made.
Valuation of investment properties	<p>As at 31 December 2020, the Group's investment properties amounted to \$336,400,000 and accounted for 90% of the Group's total assets.</p> <p>The fair valuation of these properties is significant to the group result due to their materiality and use of estimates in the valuation process. The Group records its investment properties at their fair values based on independent external valuations. The valuation process involves valuation methods with significant estimates on the underlying assumptions applied.</p> <p>The AC has considered and is satisfied with the competency and capabilities of the independent external valuation specialist as well as the valuation methods.</p> <p>The valuation of investment properties is an area of focus for the external auditors. The external auditors have included it as a key audit matter in the independent auditors' report for the financial year ended 31 December 2020. Please refer to page 63 of this annual report.</p>

Whistle-Blowing Policy

The Board undertakes to investigate complaints of suspected fraud in an objective manner and has put in place a whistle-blowing policy and procedures which provide employees with well-defined and accessible channels within the Group including a direct channel to the AC, for reporting suspected fraud, corruption, dishonest practices or other similar matters.

The policy aims to encourage the reporting of such matters in good faith, with the confidence that employees making such reports will be treated fairly and, to the extent possible, be protected from reprisal. On an ongoing basis, the whistle-blowing policy is covered during staff training as part of the Group's efforts to promote fraud control awareness.

The policy and its effectiveness will be reviewed by the AC periodically, with recommendations regarding updates or amendments, if any, to be made to the Board as required.

There was no whistle-blowing report received during 9M2020.

Complaints, incidents or claims can be raised directly to the Chairman of the AC at ac@pollux.com.sg.

Internal Audit

The AC's responsibilities over the Group's internal controls and risk management systems are complemented by the work of the internal auditors. The size of the operations of the Group does not warrant the Group having an in-house internal audit function. The Company has outsourced its internal audit function to an independent professional firm, Wensen Consulting Asia (S) Pte. Ltd. ("Wensen"), to perform the review and test of controls of the Group's processes in 9M2020. Wensen has experience in providing risk advisory, internal audit and other consulting services. The team, comprising of a manager and senior associate is led by an engagement partner who has more than 20 years of experience. The AC approves any hiring, removal, evaluation and remuneration of the external professional firm to which the internal audit function is outsourced. The AC has reviewed and assessed the qualifications and experience of the appointed internal audit firm's team which undertakes the function of its internal audit within the Group.

The internal auditors report to the Chairman of the AC. The internal auditors plan their internal audit schedules in consultation with, but independent of, the Management. The internal auditors have unrestricted access to all the Company's documents, records, properties and personnel, including access to the AC.

The AC has reviewed the scope and findings of the internal audit performed by the internal auditors during 9M2020 and the Management's responses thereto. There were no material internal control weaknesses identified by the internal auditors in their course of audit for 9M2020.

The AC will assess and ensure the adequacy and effectiveness of the internal audit function annually. The AC is satisfied that the internal audit function is adequately staffed with suitably qualified and experienced professional members with the relevant experience.

The internal auditors are guided by the Standards for the Professional Practice of Internal Auditing set by The Institute of Internal Auditors.

SHAREHOLDER RIGHTS AND ENGAGEMENT

Shareholder Rights and Conduct of General Meetings

Principle 11: The company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the company. The company gives shareholders a balanced and understandable assessment of its performance, position and prospects.

All shareholders are entitled to attend the Company's general meetings and are provided the opportunity to participate in the general meetings. Shareholders are also briefed by the Company on the rules, including voting procedures that govern general meetings. These general meetings also provide excellent opportunities for the Company to obtain shareholders' views on value creation. Shareholders (other than a shareholder who is a relevant intermediary) may vote in person or by appointing up to two (2) proxies to attend and vote on their behalf at the general meetings of the Company. A shareholder who is a relevant intermediary is entitled to appoint more than two (2) proxies to attend and vote at the general meetings of the Company. The duly completed proxy form had to be deposited at the Company's registered office 72 hours before the time of the general meetings.

The shareholders are encouraged to attend the general meetings to communicate their views on matters affecting the Group and to stay informed of the Group's strategies and visions. The Company's Constitution does not allow shareholders to vote in absentia. The Company is not implementing absentia voting methods such as voting via mail, e-mail or fax until security, integrity and other pertinent issues are satisfactorily resolved. Substantially separate issues are tabled in separate resolutions at general meetings. Voting is carried out systemically, and the votes casted and resolutions passed are properly recorded.

The Company conducts the voting of all its resolutions by poll at all its general meetings. The results of poll of each resolution tabled are announced at the meetings and in an announcement released after the meeting via SGXNET. Shareholders can vote in person or by their appointed proxies. The Company will employ electronic polling if necessary.

All Board members, including the Chairman of the AC and the RNC, and the external auditors are normally available at general meetings of the Company to answer questions from the shareholders. Registered shareholders are invited to attend and participate actively in such meetings. In the last financial year ended 31 March 2020, all Directors attended the AGM of the Company held on 29 September 2020 ("2020 General Meeting"). Save for the 2020 General Meeting, there were no other general meetings held in 9M2020.

The Company Secretary prepares minutes of general meetings, which incorporates substantial comments or queries from shareholders and responses from the Board and the Management (if any).

Except as disclosed in the next paragraph, the Company does not publish minutes of general meetings of shareholders on its corporate website as the Company is of the view that there are potential adverse implications, including commercial and legal implications. All shareholders, including those who did not attend the relevant general meeting, have a statutory right to request and would be furnished copies of minutes of general meetings in accordance with Section 189 of the Companies Act. The Company is therefore of the view that its practices are consistent with the intent of Principle 11 of the Code.

Corporate Governance Report

In view of the current COVID-19 situation, the forthcoming AGM to be held in respect of 9M2020 will be convened and held by electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020 (the “Order”). Alternative arrangements relating to attendance at the AGM via electronic means (including arrangements by which the meeting can be electronically accessed via live audio-visual webcast or live audio-only stream), submission of questions to the Chairman of the Meeting in advance of the AGM, addressing of substantial and relevant questions at the AGM and voting by appointing the Chairman of the Meeting as proxy at the AGM, will be put in place for the AGM. As required by the Order, the Company will publish the minutes of the AGM on the Company’s website as well as on the SGX website within one month after the date of the AGM.

Currently, the Company does not have a fixed dividend policy. The Board would consider establishing a dividend policy when appropriate. In considering the payment of dividend, the Board shall consider factors such as the Company’s profits, cash flows, working capital and capital expenditure requirements, investment plans and other factors that the Board may deem relevant. Taking into consideration these factors, the Company has not declared any dividends for 9M2020.

Engagement with Shareholders

Principle 12: The company communicates regularly with its shareholders and facilitates the participation of shareholders during general meetings and other dialogues to allow shareholders to communicate their views on various matters affecting the company.

The Board is mindful of its obligations to provide timely and fair disclosure of material information to the SGX-ST and shareholders in accordance with Appendix 7A on “Corporate Disclosure Policy” of the Catalist Rules. The Board embraces openness and transparency in the conduct of the Company’s affairs, whilst safeguarding its commercial interests. The Board’s policy is that all shareholders should be equally informed on a timely basis of all major developments that impact the Group. Price sensitive information, financial results and annual reports of the Company are released via SGXNET on a timely basis. A copy of the annual report, together with the notice of AGM, is usually sent to every shareholder. Due to the current COVID-19 restriction orders in Singapore, a member will not be able to attend the Annual General Meeting in person. Printed copies of this Annual Report, the Notice of AGM and the accompanying proxy form will not be despatched to members. Instead, the Annual Report, the Notice of AGM and the accompanying proxy form will be published on the Company’s website at <http://pollux.com.sg/annual-reports> and on the SGX website at <https://www.sgx.com/securities/company-announcements>.

The Company is committed to corporate governance and transparency by disclosing to its stakeholders, including its shareholders, as much relevant information as is possible, in a timely, fair and transparent manner as well as to hearing its shareholders’ views and addressing their concerns.

The Company does not practice selective disclosure of material information. All material information on the performance and development of the Group and of the Company is disclosed in an accurate and comprehensive manner through SGXNET and the Company’s website.

General meetings have been and are still the principal forum for dialogue with shareholders. They offer opportunities for Board to interact with shareholders, understand their views, gather feedback as well as address concerns. Enquiries by shareholders are dealt with as promptly as practicably possible. The Company does not have an investor relations team, however, the Company maintains a website at <http://pollux.com.sg> and updates it on a timely basis to bring public awareness of the Group’s latest development and businesses. To enable shareholders to contact the Company easily, the contact details are set out in the Company’s website. Shareholders can provide feedback to the Company via the electronic mail address, the registered office address or calls. Calls and emails requesting for information are attended to promptly.

Corporate Governance Report

MANAGING STAKEHOLDERS RELATIONSHIPS

Engagement with Stakeholders

Principle 13: The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to ensure that the best interests of the company are served.

The Company has regularly engaged its stakeholders mainly through its company website and emails to ensure that its interests are aligned with those of its stakeholders. The Company has identified stakeholders groups which have a significant influence and interest in the Group's business and operations. The key stakeholders includes investors, tenants, employees, government and regulators and business partners.

The Company adopts an inclusive approach by considering and balancing the needs of material stakeholders and embeds environmental, social and governance considerations into its risk assessment, financing policies and business operations. Please refer to the Company's Sustainability Report for further details.

The Company maintains a corporate website at <http://pollux.com.sg> to communicate and engage with stakeholders.

DEALINGS IN THE COMPANY'S SECURITIES

The Company has issued a guideline on share dealings to all Directors and employees of the Group which sets out the code of conduct on transactions in the Company's shares by these persons, the implications of insider trading and general guidance on the prohibition against such dealings.

In line with Rule 1204(19) of the Catalist Rules, the Company issues a notification to all Directors and employees of the Group informing them that they are not allowed to deal in the securities of the Company during the period commencing one (1) month before the announcement of the Company's half-year or full-year financial results, and ending on the date of the announcement of the relevant results. In addition, the Company prohibits all Directors and employees of the Group from dealing in the Company's securities on short-term considerations or when they are in possession of unpublished price-sensitive information.

Corporate Governance Report

INTERESTED PERSON TRANSACTIONS

The Company has established procedures governing all interested person transactions to ensure that they are properly reviewed and approved. The Group does not have a general mandate from shareholders for interested person transactions pursuant to Rule 920 of the Catalist Rules.

During 9M2020, the aggregate value of all interested person transactions are as follows:

Directors' Statement

Audit Committee

The audit committee ("AC") carried out its functions in accordance with section 201B (5) of the Singapore Companies Act, Chapter 50, including the following:

- Reviewed the audit plans of the internal and external auditors of the Group and the Company, and reviewed the internal auditors' evaluation of the adequacy of the Company's system of internal accounting controls and the assistance given by the Group and the Company's management to the internal and external auditors;
- Reviewed the half yearly financial results and annual financial statements and the auditor's report on the annual financial statements of the Group and the Company before their submission to the board of directors;
- Reviewed effectiveness of the Group and the Company's material internal controls, including financial, operational and compliance controls and risk management via reviews carried out by the internal auditor;
- Met with the external auditor, other committees, and management in separate executive sessions to discuss any matters that these groups believe should be discussed privately with the AC;
- Reviewed legal and regulatory matters that may have a material impact on the financial statements, related compliance policies and programmes and any reports received from regulators;
- Reviewed the cost effectiveness and the independence and objectivity of the external auditor;
- Reviewed the nature and extent of non-audit services provided by the external auditor;
- Recommended to the board of directors the external auditor to be nominated, approved the compensation of the external auditor, and reviewed the scope and results of the audit;
- Reported actions and minutes of the AC to the board of directors with such recommendations as the AC considers appropriate; and
- Reviewed interested person transactions in accordance with the requirements of the Singapore Exchange Securities Trading Limited (SGX-ST)'s Listing Manual Section B: Rules of Catalyst.

During the financial period, no non-audit services were provided by the external auditor to the Group. The AC has also conducted a review of interested person transactions.

The AC convened two meetings during the financial period with full attendance from all members. The AC has also met with the internal and external auditors, without the presence of the Company's management during the financial period.

Further details regarding the AC are disclosed in the Corporate Governance Report.

Independent Auditor's Report

For the financial period from 1 April 2020 to 31 December 2020

Independent Auditor's Report to the Members of Pollux Properties Ltd.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Pollux Properties Ltd. (the "Company") and its subsidiaries (collectively, the "Group"), which comprise the balance sheets of the Group and the Company as at 31 December 2020, the statements of changes in equity of the Group and the Company and the consolidated income statement, consolidated statement of comprehensive income and consolidated cash flow statement of the Group for the period from 1 April 2020 to 31 December 2020, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group, the balance sheet and the statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act, Chapter 50 (the Act) and Singapore Financial Reporting Standards (International) (SFRS(I)) so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2020 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and changes in equity of the Company for the period from 1 April 2020 to 31 December 2020.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing (SSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority (ACRA) *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* (ACRA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

Key Audit Matters (cont'd)

Valuation of investment properties

The Group owns a portfolio of investment properties comprising a commercial building, several residential units, serviced apartment and shop units which are located in Singapore. As at 31 December 2020, the net carrying amount of investment properties amounted to \$336.4 million and an impairment loss of \$2.1 million was recorded in this financial period. The net carrying amount of the investment properties accounted for 90% of the Group's total assets.

The fair valuation of these properties is significant to our audit due to their materiality and use of estimates in the valuation process. The Group records its investment properties at their fair values based on independent external valuations. The valuation process is complex and is highly dependent on a range of estimates on the underlying assumptions applied. Accordingly, the fair valuations performed by independent external valuation specialists are inherently subjective and are highly sensitive to changes in the key assumptions applied such as capitalization rates, discount rate, yield adjustments and price of comparable properties. In addition, there was an increase in the level of estimation uncertainty and judgement required in determining the valuation of investment properties arising from the changes in market and economic conditions brought on by the COVID-19 pandemic. As such, we identified this as a key audit matter.

Our audit procedures in relation to the valuation of the properties included:

- Considered the objectivity, competency and capabilities of the independent external valuation specialists;
- Held discussions with management and independent external valuation specialists to obtain an understanding of the selection of valuation methodologies, basis for the key assumptions and inputs used in the valuation, and review the valuation reports issued by the independent external valuation specialists;
- Engaged our internal valuation specialists to review the appropriateness of methodologies adopted and the reasonableness of certain key assumptions and inputs used by the independent external valuation specialists by reference to historical rates and market data, including key valuation adjustments made in response to the changes in market and economic conditions;
- Assessed the overall reasonableness of the movements in the fair values of these properties in light of the prevailing market conditions;
- Assessed the reasonableness of estimates used in the determination of fair valuation, including property related data such as average room rates, occupancy rates, forecasted income generated by properties, discount rates and yield adjustments for comparable transactions of the investment properties by comparing them to the available trade published data and considering the specific nature and uses of these properties; and
- Evaluated the adequacy of disclosures in Note 13 *Investment Properties*, Note 35 *Fair Value of Assets and Liabilities* and Note 3 *Key Sources of Estimation Uncertainty* to the financial statements relating to the assumptions used in the fair valuation process, given the estimation uncertainty and sensitivity of the valuations.

Other Information

Management is responsible for other information. The other information comprises the information included in the annual report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I), and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

For the financial period from 1 April 2020 to 31 December 2020

Independent Auditor's Report to the Members of Pollux Properties Ltd.

Auditor's Responsibilities for the Audit of the Financial Statements (cont'd)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Mr. Chuen Beng Ang.

2. Summary of significant accounting policies

2.1 Basis of preparation

The consolidated financial statements of the Group and the balance sheet and statement of changes in equity of the Company have been prepared in accordance with Singapore Financial Reporting Standards (International) (SFRS(I)).

The financial statements have been prepared on the historical cost basis except as disclosed in the accounting policies below.

The financial statements are presented in Singapore Dollars (SGD or \$).

The Group’s current liabilities exceeded its current assets by \$3,434,409 (31 March 2020: current assets exceeded its current liabilities by \$13,085,240) as at 31 December 2020. These factors indicate the existence of a material uncertainty which may cast significant doubt about the Group’s ability to continue as a going concern. The directors are of the view that the Group has the ability to continue as a going concern as the Group will be able to meet its short-term financial obligations as and when they fall due based on the following:

- (i) Subsequent refinancing of the Group’s banking facilities due in the next twelve months to long-term bank loans; and
- (ii) Group’s ability to generate sufficient cash flows from its operating, financing and investing activities.

2.2 New accounting standards effective on 1 January 2020

The accounting policies adopted are consistent with those of the previous financial year except in the current financial period, the Group adopted all the new and revised standards which are effective for annual periods beginning on or after 1 January 2020. The adoption of all the new and revised standards did not have any material effect on the financial performance or position of the Group and the Company.

Notes to the Financial Statements

For the financial period from 1 April 2020 to 31 December 2020

2. Summary of significant accounting policies (cont'd)

2.3 Standards issued but not yet effective

The Group has not adopted the following standards applicable to the Group that have been issued but not yet effective:

Description	Effective for annual periods beginning on or after
Amendment to SFRS(I) 16: COVID-19-Related Rent Concessions	1 June 2020
Amendments to SFRS(I) 9, SFRS(I) 1-39 and SFRS(I) 7: Interest Rate Benchmark Reform	1 January 2021
Amendments to SFRS(I) 1-16: Property, Plant and Equipment — Proceeds before Intended Use	1 January 2022
Amendments to SFRS(I) 1-37: Onerous Contracts — Cost of Fulfilling a Contract	1 January 2022
Annual Improvements to SFRS(I)s 2018-2020	1 January 2022
Amendments to SFRS(I) 3: Reference to the Conceptual Framework	1 January 2022
SFRS(I) 17 Insurance Contracts	1 January 2023
Amendments to SFRS(I) 1-1: Classification of Liabilities as Current or Non-current	1 January 2023
Amendments to SFRS(I) 10 and SFRS(I) 1-28: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	Date to be determined

The directors expect that the adoption of the other standards above will have no material impact on the financial statements in the period of initial application.

2.4 Basis of consolidation and business combinations

(A) Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the end of the reporting period. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied to like transactions and events in similar circumstances.

All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions and dividends are eliminated in full. Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases. Losses within a subsidiary are attributed to the non-controlling interest even if that results in a deficit balance.

Notes to the Financial Statements

For the financial period from 1 April 2020 to 31 December 2020

2. Summary of significant accounting policies (cont'd)

2.4 Basis of consolidation and business combinations (cont'd)

(A) Basis of consolidation (cont'd)

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- De-recognises the assets (including goodwill) and liabilities of the subsidiary at their carrying amounts at the date when control is lost;
- De-recognises the carrying amount of any non-controlling interest;
- De-recognises the cumulative translation differences recorded in equity;
- Recognises the fair value of the consideration received;
- Recognises the fair value of any investment retained;
- Recognises any surplus or deficit in profit or loss;
- Re-classifies the Group's share of components previously recognised in other comprehensive income to profit or loss or retained earnings, as appropriate.

(B) Business combinations and goodwill

Business combinations are accounted for by applying the acquisition method. Identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Acquisition-related costs are recognised as expenses in the periods in which the costs are incurred and the services are received.

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration which is deemed to be an asset or liability will be recognised in profit or loss.

Non-controlling interest in the acquiree, that are present ownership interests and entitle their holders to a proportionate share of net assets of the acquiree are recognised on the acquisition date at either fair value, or the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

Any excess of the sum of the fair value of the consideration transferred in the business combination, the amount of non-controlling interest in the acquiree (if any), and the fair value of the Group's previously held equity interest in the acquiree (if any), over the net fair value of the acquiree's identifiable assets and liabilities is recorded as goodwill. In instances where the latter amount exceeds the former, the excess is recognised as gain on bargain purchase in profit or loss on the acquisition date.

Goodwill is initially measured at cost. Following initial recognition, goodwill is measured at cost less any accumulated impairment losses.

Notes to the Financial Statements

For the financial period from 1 April 2020 to 31 December 2020

2. Summary of significant accounting policies (cont'd)

2.4 Basis of consolidation and business combinations (cont'd)

(B) Business combinations and goodwill (cont'd)

For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to the Group's cash-generating units that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

The cash-generating units to which goodwill have been allocated is tested for impairment annually and whenever there is an indication that the cash-generating unit may be impaired. Impairment is determined for goodwill by assessing the recoverable amount of each cash-generating unit (or group of cash-generating units) to which the goodwill relates.

2.5 Foreign currency

The financial statements are presented in Singapore Dollars, which is also the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency.

2.6 Plant and equipment

All items of plant and equipment are initially recorded at cost. Subsequent to recognition, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

Depreciation is computed on a straight-line basis over the estimated useful lives of the assets as follows:

Leasehold improvement	–	3 years
Office equipment	–	5 years
Computers and software	–	3 years
Furniture and fittings	–	5 years
Operating equipment	–	5 to 10 years
Linen, glass/silverware and uniforms	–	4 years

The carrying values of plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The useful life and depreciation method are reviewed at each financial year-end, and adjusted prospectively, if appropriate.

An item of plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on de-recognition of the asset is included in profit or loss in the year the asset is derecognised.

Notes to the Financial Statements

For the financial period from 1 April 2020 to 31 December 2020

2. Summary of significant accounting policies (cont'd)

2.7 Investment properties

Investment properties are properties that are either owned by the Group or leased under a finance lease that are held to earn rentals or for capital appreciation, or both, rather than for use in the production or supply of goods or services, or for administrative purposes, or in the ordinary course of business. Investment properties comprise completed investment properties and properties that are being constructed or developed for future use as investment properties. Properties held under operating leases are classified as investment properties when the definition of an investment property is met.

Investment properties are initially measured at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured at fair value. Gains or losses arising from changes in the fair values of investment properties are included in profit or loss in the year in which they arise.

Investment properties are de-recognised when either they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gains or losses on the retirement or disposal of an investment property are recognised in profit or loss in the year of retirement or disposal.

Transfers are made to or from investment properties only when there is a change in use. The transfer from development property to investment property will be made at carrying value.

2.8 Intangible assets

Goodwill

Goodwill is initially measured at cost. Following initial recognition, goodwill is measured at cost less any accumulated impairment losses.

For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to the Group's cash-generating units that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

The cash-generating unit to which goodwill has been allocated is tested for impairment annually and whenever there is an indication that the cash-generating unit may be impaired. Impairment is determined for goodwill by assessing the recoverable amount of each cash-generating unit (or group of cash-generating units) to which the goodwill relates. Where the recoverable amount of the cash-generating unit is less than the carrying amount, an impairment loss is recognised in profit or loss. Impairment losses recognised for goodwill are not reversed in subsequent periods.

Where goodwill forms part of a cash-generating unit and part of the operation within that cash-generating unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on disposal of the operation. Goodwill disposed of in this circumstance is measured based on the relative fair values of the operations disposed of and the portion of the cash-generating unit retained.

Notes to the Financial Statements

For the financial period from 1 April 2020 to 31 December 2020

2. Summary of significant accounting policies (cont'd)

2.9 Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs of disposal and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses are recognised in profit or loss, except for assets that are previously revalued where the revaluation was taken to other comprehensive income. In this case, the impairment is also recognised in other comprehensive income up to the amount of any previous revaluation.

A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss. Impairment losses relating to goodwill cannot be reversed in future periods.

2.10 Subsidiaries

A subsidiary is an investee that is controlled by the Group. The Group controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

In the Company's balance sheets, investments in subsidiaries are accounted for at cost less impairment losses.

2.11 Joint arrangements

A joint arrangement is a contractual arrangement whereby two or more parties have joint control. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

A joint arrangement is classified either as joint operation or joint venture, based on the rights and obligations of the parties to the arrangement.

To the extent the joint arrangement provides the Group with rights to the assets and obligations for the liabilities relating to the arrangement, the arrangement is a joint operation. To the extent the joint arrangement provides the Group with rights to the net assets of the arrangement, the arrangement is a joint venture.

Joint ventures

The Group recognises its interest in a joint venture as an investment and accounts for the investment using the equity method. The accounting policy for investment in joint venture is set out in Note 2.12.

Notes to the Financial Statements

For the financial period from 1 April 2020 to 31 December 2020

2. Summary of significant accounting policies (cont'd)

2.12 Joint ventures and associates

An associate is an entity over which the Group has the power to participate in the financial and operating policy decisions of the investee but does not have control or joint control of those policies.

The Group accounts for its investments in joint ventures using the equity method from the date on which it becomes an associate or joint venture.

On acquisition of the investment, any excess of the cost of the investment over the Group's share of the net fair value of the investee's identifiable assets and liabilities is accounted as goodwill and is included in the carrying amount of the investment. Any excess of the Group's share of the net fair value of the investee's identifiable assets and liabilities over the cost of the investment is included as income in the determination of the entity's share of the associate or joint venture's profit or loss in the period in which the investment is acquired.

Under the equity method, the investment in associates or joint venture are carried in the balance sheet at cost plus post-acquisition changes in the Group's share of net assets of the associates or joint ventures. The profit or loss reflects the share of results of the operations of the associates or joint ventures. Distributions received from associates or joint ventures reduce the carrying amount of the investment. Where there has been a change recognised in other comprehensive income by the associate or joint ventures, the Group recognises its share of such changes in other comprehensive income.

Unrealised gains and losses resulting from transactions between the Group and associate or joint venture are eliminated to the extent of the interest in the associates or joint ventures.

When the Group's share of losses in an associate or joint ventures equals or exceeds its interest in the associate or joint venture, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the associate or joint venture.

After application of the equity method, the Group determines whether it is necessary to recognise an additional impairment loss on the Group's investment in associate or joint venture. The Group determines at the end of each reporting period whether there is any objective evidence that the investment in the associate or joint venture is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate or joint venture and its carrying value and recognises the amount in profit or loss.

The financial statements of the associate and joint venture are prepared on 28 August 2020. Where necessary, adjustments are made to bring the accounting policies in line with those of the Group.

2. Summary of significant accounting policies (cont'd)

2.13 Financial instruments

(a) Financial assets

Initial recognition and measurement

Financial assets are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial assets at initial recognition.

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Trade receivables are measured at the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third party, if the trade receivables do not contain a significant financing component at initial recognition.

Subsequent measurement

Investments in debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the contractual cash flow characteristics of the asset. The three measurement categories for classification of debt instruments are:

(i) Amortised cost

Financial assets that are held for the collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognised in profit or loss when the assets are derecognised or impaired, and through amortisation process.

(ii) Fair value through other comprehensive income ("FVOCI")

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Financial assets measured at FVOCI are subsequently measured at fair value. Any gains or losses from changes in fair value of the financial assets are recognised in other comprehensive income, except for impairment losses, foreign exchange gains and losses and interest calculated using the effective interest method are recognised in profit or loss. The cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment when the financial asset is derecognised.

2.13 Financial instruments (cont'd)

(a) Financial assets (cont'd)

Subsequent measurement (cont'd)

Investments in debt instruments (cont'd)

(iii) Fair value through profit or loss

Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt instruments that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss in the period in which it arises.

Investments in equity instruments

On initial recognition of an investment in equity instrument that is not held for trading, the Group may irrevocably elect to present subsequent changes in fair value in OCI. Dividends from such investments are to be recognised in profit or loss when the Group's right to receive payments is established. For investments in equity instruments which the Group has not elected to present subsequent changes in fair value in OCI, changes in fair value are recognised in profit or loss.

De-recognition

A financial asset is derecognised where the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income for debt instruments is recognised in profit or loss.

(b) Financial liabilities

Initial recognition and measurement

Financial liabilities are recognised when, and only when, the Group becomes a party to the contractual provisions of the financial instrument. The Group determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value plus in the case of financial liabilities not at fair value through profit or loss, directly attributable transaction costs.

Subsequent measurement

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are de-recognised, and through the amortisation process.

2. Summary of significant accounting policies (cont'd)

2.13 Financial instruments (cont'd)

(b) Financial liabilities (cont'd)

De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. On derecognition, the difference between the carrying amounts and the consideration paid is recognised in profit or loss.

2.14 Impairment of financial assets

The Group recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss and financial guarantee contracts. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default (a lifetime ECL).

For trade receivables and contract assets, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

The Group considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

2.15 Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and short-term deposits that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value.

Cash at banks includes amounts collected from the sale of the property under development for which withdrawals are restricted to payments for expenditure incurred on development projects.

Notes to the Financial Statements

For the financial period from 1 April 2020 to 31 December 2020

2. Summary of significant accounting policies (cont'd)

2.16 Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic resources will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

2.17 Borrowing costs

Borrowing costs are capitalised as part of the cost of a qualifying asset if they are directly attributable to the acquisition, construction or production of that asset. Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditures and borrowing costs are incurred. Borrowing costs are capitalised until the assets are substantially completed for their intended use or sale. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

2.18 Employee benefits

Defined contribution plans

The Group participates in the national pension schemes as defined by the laws of the countries in which it has operations. In particular, the Singapore companies in the Group make contributions to the Central Provident Fund scheme in Singapore, a defined contribution pension scheme. Contributions to defined contribution pension schemes are recognised as an expense in the period in which the related service is performed.

2.19 Leases

(a) As lessee

Short-term leases

The Group applies the short-term lease recognition exemption to its short-term leases of office properties (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). Lease payments on short-term leases are recognised as expense on a straight-line basis over the lease term.

(b) As lessor

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of the asset are classified as operating leases. Initial direct costs incurred in negotiating an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same bases as rental income. The accounting policy for rental income is set out in Note 2.20(a). Contingent rents are recognised as revenue in the period in which they are earned.

Notes to the Financial Statements

For the financial period from 1 April 2020 to 31 December 2020

2. Summary of significant accounting policies (cont'd)

2.20 Revenue

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties. Revenue is recognised when the Group satisfies a performance obligation by transferring a promised good or service to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

(a) Rental income

Rental income arising on investment properties is accounted for on a straight-line basis over the lease terms on ongoing leases. The aggregate costs of incentives provided to lessees are recognised as a reduction of rental income over the lease term on a straight-line basis.

(b) Service apartment operating income

Income from service apartment is recognised when services are rendered to customers. Income from room rental is recognised on a straight-line basis over the period the customer stays in the service apartment.

(c) Management and advisory fees

Management and advisory fees from rendering of services that are of short duration are recognised when the significant acts have been completed.

Revenue is recognised when performance obligation is completed and customer is able to consume the benefit, i.e. decision in making investment portfolio.

The Group has elected to apply the practical expedient to recognise the incremental costs of obtaining a contract as an expense when incurred where the amortisation period of the asset that would otherwise be recognised is one year or less.

2.21 Government grants

Government grants are recognised when there is reasonable assurance that the grants will be received and all attaching conditions will be complied with. Where the grant relates to an asset, the fair value is deducted from the asset's carrying amount and amortised to profit or loss over the expected useful life of the relevant asset by equal annual instalments.

Government grants related to income

Government grants are recognised in profit or loss on a systematic basis over the periods in which the entity recognises as expenses the related costs for which the grants are intended to compensate.

For the financial period from 1 April 2020 to 31 December 2020

2. Summary of significant accounting policies (cont'd)

2.22 Taxes

(a) Current income tax

Current tax assets and liabilities for the current period and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the end of the reporting period, in the country where the Group operates and generates taxable income.

Current income taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subjected to interpretation and establishes provisions where appropriate.

(b) Deferred tax

Deferred income tax is provided using the liability method on temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all temporary differences, except:

- where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of taxable temporary differences associated with investments in subsidiaries, joint venture and associate, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred income tax assets are recognised for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised except:

- where the deferred income tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of deductible temporary differences associated with investments in subsidiaries, joint venture and associate, deferred income tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

Notes to the Financial Statements

For the financial period from 1 April 2020 to 31 December 2020

2. Summary of significant accounting policies (cont'd)

2.22 Taxes (cont'd)

(b) Deferred tax (cont'd)

Unrecognised deferred tax assets are reassessed at each balance sheet date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the year when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the end of each reporting period.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity and deferred tax arising from a business combination is adjusted against goodwill on acquisition.

(c) Goods and services tax ("GST")

Revenues, expenses and assets are recognised net of the amount of sales tax except:

- Where the sales tax incurred in a purchase of assets or services is not recoverable from the taxation authority, in which case the sales tax is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- Receivables and payables that are stated with the amount of sales tax included.

2.23 Share capital and share issue expenses

Proceeds from issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

2.24 Contingencies

A contingent liability is:

- (a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or
- (b) a present obligation that arises from past events but is not recognised because:
 - (i) It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
 - (ii) The amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Notes to the Financial Statements

For the financial period from 1 April 2020 to 31 December 2020

2. Summary of significant accounting policies (cont'd)

2.24 Contingencies (cont'd)

Contingent liabilities and assets are not recognised on the balance sheet of the Group except for contingent liabilities assumed in a business combination that are present obligations and which the fair values can be reliably determined.

3. Significant accounting judgements and estimates

The preparation of the Group's consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the end of reporting period. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in the future periods.

3.1 Judgements made in applying accounting policies

In the process of applying the Group's accounting policies, management has made the following judgements which have the most significant effect on the amounts recognised in the consolidated financial statements:

Classification of investments as associated company

An associate is an entity over which the Group has the power to participate in the financial and operating policy decisions of the investee but does not have control or joint control of those policies.

Management has determined that it does not have control or joint control over its associated companies. The Group's associated company is disclosed in Note 16 to the financial statements.

3.2 Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period are discussed below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

(a) Valuation of investment properties

The Group carries its investment properties with changes in fair values being recognised in profit or loss. The Group engaged real estate valuation experts to assess fair value as at 31 December 2020. The fair values of the investment properties are determined by independent real estate valuation experts using recognised valuation techniques. These techniques comprise both the market comparable approach and discounted cash flow method.

The determination of the fair values of the investment properties require the use of estimates on yield adjustments such as location, tenure and condition and size. These estimates are based on local market conditions existing at the end of each reporting date. The key assumptions used to determine the fair value of these investment properties and sensitivity analysis are provided in Note 35(b).

The carrying amount of the investment properties carried at fair value as at 31 December 2020 is \$336,400,000 (31 March 2020: \$338,535,000).

3. Significant accounting judgements and estimates (cont'd)

3.2 Key sources of estimation uncertainty (cont'd)

(b) Impairment of non-financial assets

The Group assesses whether there are any indicators of impairment for all non-financial assets at each reporting date. Non-financial assets are tested for impairment when there are indicators that the carrying amounts may not be recoverable.

When value in use calculations are undertaken, management must estimate the expected future cash flows from the asset or cash-generating unit and choose a suitable discount rate in order to calculate the present value of those cash flows.

(c) Impairment of intercompany receivables

Management provides for ECLs based on the general approach and the extent of loss allowance is dependent on consideration of many factors, amongst others, the extent of credit deterioration since initial recognition, information and data that indicate the credit quality of the subsidiaries and the probability of default, amounts that are expected to be recovered in a default and adjustment for forward-looking information. The amounts due from subsidiaries and related companies, including their carrying amount and their related impairment as at 31 December 2020 are disclosed in Notes 20 and 21, respectively.

Unrecognised tax losses

As at 31 December 2020, certain subsidiaries of the Group have tax losses of approximately \$4,594,848 (31 March 2020: \$5,191,944) that are available for offset against future taxable profits of the companies in which the losses arose, net of amounts transferred under the group relief transfer system, for which no deferred tax assets is recognised due to uncertainty of its recoverability. The use of the tax losses is subject to the agreement of the tax authorities and compliance with certain provisions of the tax legislation of the country in which the companies operate. The tax loss has no expiry date.

11. Earnings per share

Basic earnings per share are calculated by dividing earnings attributable to owners of the Company by the weighted average number of ordinary shares outstanding during the financial period.

Diluted earnings per share are calculated by dividing earnings for the financial period attributable to owners of the Company by the weighted average number of ordinary shares outstanding during the financial period plus the weighted average number of ordinary shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares.

The basic and diluted earnings per share are calculated by dividing the profit for the year attributable to owners of the Company by the weighted average number of ordinary shares.

The following table reflects the earnings used in the computation of basic and diluted earnings per share for the financial period ended 31 December 2020 and financial year ended 31 March 2020.

14. Investments in subsidiaries (cont'd)

On 7 October 2020, the Group had entered into a share transfer agreement with the vendors of SFCPL to acquire 300,000 ordinary shares at \$300,000, representing 49.99% of the issued share capital of SFCPL. Following the completion of the acquisition, SFCPL became a wholly-owned subsidiary of the Group.

The Group has acquired SFCPL after taking into consideration the potential synergies of full integration of SFCPL with the Group's business operations and management team. The acquisition is also expected to reduce costs through economies of scale.

The fair value of the identifiable assets and liabilities as at acquisition date were:

Impact of the acquisition on profit or loss

From the acquisition date, SFCPL has contributed \$70,862 of revenue and \$19,932 to the Group's profit after tax for the year. If the business combination had taken place at the beginning of the year, the revenue of the Group would have been higher by \$172,551 and the Group's profit after tax would have been higher by \$11,336.

15. Investment in a joint venture

The Group has 50% (31 March 2020: 50%) interest in the ownership and voting rights in a joint venture, Pollux Botero Pte. Ltd.⁽¹⁾. The joint venture was incorporated in Singapore and holds 100% interest in an entity with a property under development. The Group jointly controls the venture with other partner under the contractual agreement and requires unanimous consent for all major decisions over the relevant activities. The Group has recognised its interest in the joint venture using the equity method.

30. Contingencies

Contingent liability

Litigation

Pursuant to the sale of Builders Shop Pte. Ltd (“BSPL”) to Lorenzo International Limited (“Lorenzo”) in the financial year ended 31 March 2012, the Company had agreed to indemnify Lorenzo for any “actual and proven damages” arising from the construction projects undertaken prior to the disposal of BSPL.

In the financial year ended 31 March 2014, Lorenzo made an indemnity claim for legal costs associated with a construction project that was under litigation with the developer. The Company mistakenly paid Lorenzo \$374,868 for the legal fees incurred and recorded the legal fees as an expense in the income statement. During the financial year 31 March 2015, the Company paid additional legal fees of \$325,000 to Lorenzo. These additional legal fees were recorded as other receivables in the balance sheet. The Company has since sought independent advice, which opined that the indemnity does not expressly cover legal and expert fees incurred for litigation. Accordingly, the Company believes that there are reasonable grounds that the legal fees paid to Lorenzo are recoverable, and as such, did not expense the legal fees during the financial year ended 31 March 2015.

In the financial year ended 31 March 2019, the Company had received a letter of demand from Lorenzo dated 14 March 2019 claiming for \$5 million. The claim is subjected to the deduction of the rental deposit of \$1,675,000 and payment of legal fees made on behalf of Lorenzo of \$699,868.

As at 31 December 2020, the Company did not make any provision for damages on the ongoing litigation relating to BSPL’s construction project as they believe that the claim against the Company cannot be substantiated. The case is currently still ongoing as at the date of the 2020 financial statements.

Guarantees

As at 31 December 2020, corporate guarantees issued to banks by the Company in respect of banking facilities extended to subsidiaries amounted to \$175,001,291 (31 March 2020: \$175,001,291) of which the amounts utilised by the subsidiaries was \$149,421,842 (31 March 2020: \$150,088,393).

33. Segment information

For management purposes, the Group is organised into business units based on their products and services and has three reportable segments as follows:

- (a) The Property Development segment is involved in acquisition and development of properties for sale
- (b) The Property Investment segment is involved in renting of properties and operating of serviced apartments
- (c) The Corporate segment is involved in Group-level corporate services and investment

Management monitors the operating results of its business units separately for the purpose of making decisions on resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss which in certain aspects, as explained in the table below, is measured differently from operating profit or loss in the consolidated financial statements. The Group's financing (including finance costs and income) and income taxes are managed on a group basis and are not allocated to operating segments.

34. Financial risk management objectives and policies

The Group and the Company are exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks include credit risk, interest rate risk, price risk and liquidity risk. The Board of Directors reviews and agrees policies and procedures for the management of these risks, which are executed by the Chief Executive Officer.

It is, and has been throughout the current financial period and previous financial year, the Group's policy that no trading in derivatives for speculation purposes shall be undertaken.

The following sections provide details regarding the Group's and Company's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks:

(a) Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group's and the Company's exposure to credit risk arises primarily from trade and other receivables. For other financial assets (including cash and short-term deposits), the Group and the Company minimise credit risk by dealing with high credit rating counterparties.

The Group's objective is to seek continual revenue growth while minimising losses incurred due to increased credit risk exposure. The Group trades only with recognised and creditworthy third parties. It is the Group's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis to help ensure that the Group's exposure to bad debts is not significant.

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. The Group has determined the default event on a financial asset to be when the counterparty fails to make contractual payments, within 90 days when they fall due, which are derived based on the Group's historical information.

Notes to the Financial Statements

For the financial period from 1 April 2020 to 31 December 2020

34. Financial risk management objectives and policies (cont'd)

(a) Credit risk (cont'd)

The Group considers “low risk” to be an investment grade credit rating with at least one major rating agency for those investments with credit rating. To assess whether there is a significant increase in credit risk, the Group compares the risk of a default occurring on the asset as at reporting date with the risk of default as at the date of initial recognition. The Group considers available reasonable and supportive forwarding-looking information which includes the following indicators:

- Internal credit rating
- External credit rating
- Actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the borrower’s ability to meet its obligations
- Actual or expected significant changes in the operating results of the borrower
- Significant increases in credit risk on other financial instruments of the same borrower
- Significant changes in the value of the collateral supporting the obligation or in the quality of third-party guarantees or credit enhancements
- Significant changes in the expected performance and behaviour of the borrower, including changes in the payment status of borrowers in the group and changes in the operating results of the borrower

Regardless of the analysis above, a significant increase in credit risk is presumed if a debtor is more than 90 days past due in making contractual payment. The Group determined that its financial assets are credit-impaired when:

- There is significant difficulty of the issuer or the borrower
- A breach of contract, such as a default or past due event
- It is becoming probable that the borrower will enter bankruptcy or other financial reorganisation
- There is a disappearance of an active market for that financial asset because of financial difficulty

The Group categorises a loan or receivable for potential write-off when a debtor fails to make contractual payments more than 90 days past due. Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Group. Where loans and receivables have been written off, the Group continues to engage enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.

Trade and other receivables at amortised cost

The Group uses a provision matrix to measure the lifetime expected credit loss allowance for trade and other receivables. In measuring the expected credit losses, trade and other receivables are grouped based on days past due. In calculating the expected credit loss rates, the Group considers historical loss rates for each category of receivables and adjusts to reflect current and forward-looking macroeconomic data. The Group had assessed that the lifetime expected credit loss of trade and other receivables as disclosed in Notes 18 and 19 is not significant.

34. Financial risk management objectives and policies (cont'd)

(a) Credit risk (cont'd)

Intercompany receivables

The Group provides for ECLs based on the general approach and the extent of loss allowance is dependent on consideration of many factors, amongst others, the extent of credit deterioration since initial recognition, information and data that indicate the credit quality of the subsidiaries/related companies and the probability of default, amounts that are expected to be recovered in a default and adjustment for forward-looking information. The Group had assessed that the expected credit loss of intercompany receivables as disclosed in Notes 20 and 21 is not significant.

Exposure to credit risk

At the balance sheet date, the Group's and the Company's maximum exposure to credit risk is represented by:

- the carrying amounts of each class of financial assets recognised in the balance sheet, and
- a nominal amount of \$175,001,291 (31 March 2020: \$175,001,291) relating to corporate guarantees provided by the Company for its subsidiaries and joint venture

Credit risk concentration profile

The Group determines concentrations of credit risk by monitoring the country and industry sector profile of its trade receivables, contract assets, other receivables and due from related companies on an on-going basis. The credit risk concentration profile of the Group's trade and other receivables at the balance sheet date is as follows:

(b) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Group's and Company's financial instruments will fluctuate because of changes in market interest rates. The Group's and Company's exposure to interest rate risk arises primarily from loans and borrowings.

The Group obtains financing through loans from financial institutions. The Group's policy is to obtain the most competitive market interest rates in the prevailing market.

Sensitivity analysis for interest rate risk

At the balance sheet date, if interest rates had been 50 (31 March 2020: 50) basis points lower/higher with all other variables held constant, the Group's profit before tax would have been \$839,138 (31 March 2020: \$845,060) higher/lower arising mainly as a result of lower/higher interest expense on floating rate loans from financial institutions and interest income from a related company.

Notes to the Financial Statements

34. Financial risk management objectives and policies (cont'd)

(c) Price risk

Price risk is the risk that the fair value or future cash flows of the Group's financial instruments will fluctuate because of changes in market prices (other than interest and exchange rates). The Group is exposed to equity price risk arising from its investment in quoted equity securities. These securities are quoted on the Singapore Exchange Securities Trading Limited (SGX-ST) in Singapore and are classified as held for trading.

Sensitivity analysis for equity price risk

At the date of this report, the market price of the quoted shares had increased by approximately 1% (31 March 2020: increased by approximately 29%). If the marketable securities were recorded at the current market price at the end of the reporting period, the Group's fair value gain on quoted shares and net profit for the year would have been approximately \$86,400 and \$189,185 (31 March 2020: fair value loss of \$41,400 and net profit of \$2,294,669) respectively, arising from a fair value gain on investment in equity instruments classified as fair value through profit and loss.

(d) Liquidity risk

Liquidity risk is the risk that the Group or the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Group's and the Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Group's and the Company's objective is to maintain a balance between continuity of funding and flexibility through the use of stand-by credit facilities.

The Group and the Company monitor and maintain a level of cash and bank balances deemed adequate by the management to finance the Group's and Company's operations and mitigate the effect of fluctuations in cash flows.

35. Fair value of assets and liabilities

(a) Fair value hierarchy

The Group categorises fair value measurement using a fair value hierarchy that is dependent on the valuation inputs used as follows:

- Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Group can access at the measurement date,
- Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices), and
- Level 3 - Unobservable inputs for the asset or liability.

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The following table shows an analysis of the Group's assets measured at fair value at the end of the reporting period:

	Group

35. Fair value of assets and liabilities (cont'd)

(c) Fair value of financial instruments by classes that are not carried at fair value and whose carrying amounts are reasonable approximation of fair value

Management has determined that the carrying amounts of trade receivables, other receivables and deposits, due from/(to) subsidiaries, due from/(to) related companies/parties, cash and cash equivalents, trade payables, other payables and accruals and loans and borrowings are reasonable approximation of their fair values as they are either repayable on demand, short-term in nature or floating rate instruments that are re-priced to market interest rates on or near the balance sheet date.

The fair value of loan from joint venture is estimated by discounting future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities. As at the end of the reporting period, the carrying amounts of such items are not materially different from their calculated fair values.

36. Capital management

The primary objective of the Group's capital management is to ensure that it maintains healthy capital ratios in order to support its business and maximise shareholder value.

The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made to the objectives, policies or processes during the financial period ended 31 December 2020 and financial year ended 31 March 2020.

The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. Net debt comprises trade payables, other payables and accruals, loans and borrowings and loan from joint venture less cash and cash equivalents. Capital comprises equity attributable to the owners of the Company.

Notice of Annual General Meeting

OTHER BUSINESS

7. To transact any other business of an Annual General Meeting.

BY ORDER OF THE BOARD

Nico Purnomo Po

Executive Director and Chief Executive Officer

Singapore
12 April 2021

Explanatory Notes:

Resolution 3

Mr. Tan Lye Heng Paul will, upon re-election as a Director of the Company, remain as Chairman of the Audit Committee and a member of the Remuneration and Nominating Committee, and he will be considered independent for the purpose of Rule 704(7) of Section B of the Listing Manual of the SGX-ST.

The profile and key information of Mr. Tan Lye Heng Paul can be found under the section entitled “Board of Directors” of the Company’s Annual Report 2020.

Resolution 4

Mr. Timur Pradopo will, upon re-election as a Director of the Company, remain as a member of the Audit Committee and of the Remuneration and Nominating Committee, and he will be considered independent for the purpose of Rule 704(7) of Section B of the Listing Manual of the SGX-ST.

The profile and key information of Mr. Timur Pradopo can be found under the section entitled “Board of Directors” of the Company’s Annual Report 2020.

Resolution 6 and Resolution 7

Mr. Low Chai Chong (“**Mr. Low**”), Chairman of the Board of Directors, Chairman of the Remuneration and Nominating Committee and a member of the Audit Committee, an Independent Director of the Company, has served as a Director of the Company more than 9 years since 1 September 2010. He has submitted himself for a two-tier voting process in accordance with Rule 406(3)(d)(iii) of the Listing Manual Section B: Rules of Catalyst, which will come into effect on 1 January 2022.

Resolution 6 and 7, if duly passed, will remain in force until the earlier of the following: (i) the retirement or resignation of Mr. Low; or (ii) the conclusion of the third Annual General Meeting of the Company following the passing of Resolution 6 and Resolution 7.

If the Resolution 6 is not passed, Resolution 7 will be withdrawn.

If both the Resolutions 6 and 7 are not passed, on and from 1 January 2022, Mr. Low will be deemed non-independent on and from 1 January 2022. He shall continue to serve as a non-Independent Director of the Company therefrom. Consequently, on and from 1 January 2022, he shall cease as Chairman of the Remuneration and Nominating Committee of the Company as in compliance with the Code of Corporate Governance 2018 (the “**Code**”) and in accordance with the Term of Reference of the Remuneration and Nominating Committee of the Company (the “**RNC TOR**”) requiring the Chairman of the Remuneration and Nominating Committee shall be an independent non-executive Director. In view thereof, the Board of the Directors shall take appropriate steps to appoint an independent non-executive Director to be a Chairman of the Remuneration and Nominating Committee to comply with the Code and RNC TOR before 1 January 2022.

Notice of Annual General Meeting

Resolution 8

The Ordinary Resolution 8, if passed, save as may otherwise be permitted by the SGX-ST, will empower the Directors of the Company to issue shares in the capital of the Company and to make or grant instruments (such as warrants or debentures) convertible into shares, and to issue shares in pursuance of such instruments, up to a number not exceeding in aggregate 100% of the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company, of which up to 50% may be issued other than on a *pro rata* basis to shareholders. For the purpose of determining the aggregate number of shares that may be issued, the percentage of issued shares shall be based on the total number of issued shares (excluding treasury shares and subsidiary holdings) in the capital of the Company at the time that Resolution 6 is passed, after adjusting for (a) new shares arising from the conversion or exercise of any convertible securities or share options or vesting of share awards which are outstanding or subsisting at the time that Resolution 6 is passed, and (b) any subsequent bonus issue or consolidation or subdivision of shares.
